**Secular Vocal Music** Francesco Barsanti,2018-01-01 A latecomer to music and not particularly gifted as an executant on any instrument a great handicap for any musician in an age when music appreciation was performer centered rather than composer centered the Italian expatriate Francesco Barsanti ca 1690 1775 would seem doomed to failure especially given his reportedly unassertive even timid personality but his versatility industry and ability to win and retain a surprisingly large support network kept him afloat until the end His ability to survive from day to day by carrying out a multitude of humdrum tasks gave him sufficient time and freedom to engage in what he did best and seemingly valued most composing music The compact but by no means negligible corpus of music he produced in a wide variety of genres makes him one of the most original and interesting composers active in eighteenth century Britain His instrumental music has already won some

recognition in modern times but his equally impressive vocal music all produced in Britain is so far virtually unknown The present volume which contains all Barsanti s secular vocal music known to survive together with a complementary volume containing his complete sacred vocal music aims to bring these attractive works before the musicological community and the public at large

other than Vienna that were most important in the creation and diffusion of new music. It tells of events in Naples where Vinci and Pergolesi went beyond their pre 1720 models to cultivate opera in a simpler more direct manner soon after christened the galant style. No less central was Venice where Vivaldi perfected the concerto on which were patterned the early symphonies and the newer kind of sonata. Dresden profited first from all these achievements and became under Hasse's direction the foremost center of Italian opera in Germany. Mannheim with its great orchestra did much to shape the modern symphony. A few years later Paris became paramount especially for its Opéra Comique during the 1770s the Opéra provided Gluck with a stage on which to cap his long international career. The book concludes with a description of Christian Bach in London, Paisiello in Saint Petersburg and Boccherini in Madrid. This long awaited book offers a view of eighteenth century music that is broad and innovative while remaining sensitive to the values of those times and places. One comes away from it with an understanding of the European context behind the triumphs of Haydn and Mozart.
