

MY BEST FRIEND

A real friend is one who stands by his friend in the hour of his need person deserts his friend at a time when he needs him the most, he cannot be called a real friend if two persons simply know each other, and they can call friends. The real test of friendship is, therefore, not mere acquaintance but the will to render timely help to a friend in distress. It is indeed very difficult to find a true friend in this world.

Of course, there have been a few examples of true friendship in this world. Lord Krishna and Sudama were class-fellows. They had studied under same Guru. When they grew up, Lord Krishna became a king, but became a pauper. Once Sudama went to Lord Krishna to seek his help, Krishna welcomed his old friend with open arms. He sent out his men to a palatial house for Sudama and gave liberal financial assistance to his friend to overcome their poverty. Lord Krishna thus proved to be a real friend of Sudama.

Another classical example is that of the abiding friendship between Marx and Engels. Karl Marx was a great philosopher but very poor, where friend Engels was a rich mill-owner. The friendship between them was so solid that they wrote books together. Engels always helped his friend Marx money.

Nowadays true and faithful friends are very rare. All that glitters is gold. We should always distinguish between good and bad friends.

We should remember that only a person who is sincere and honest proves to be a good friend. A good friend is a source of happiness not only our joys but also our sorrows.

A rich student can help his poor friend with money. If the poor friend is brilliant in studies, he can help his rich friend by helping him in his studies. In other words, each person should help the other with whatever one can. Friendship is a two-way traffic. It grows on mutual trust and help.

I am very fortunate that I have a real friend. He is Mr. Mohan Lai. He is my best friend. We have been studying together in the same school for ten years. He lives near my house. We spend most of our time together.

My friend belongs to a rich family. His father is the Manager and mother is also employed. She is a teacher in a Public School. They live in a bungalow. Though his parents are well off, they are not proud of their wealth. They are very God-fearing persons. They treat me as their own son. They love me very much.

My friend is a brilliant student. He always stands first in the class. We study together. He helps me in studying subjects in which I am weak so that I may catch up with him. I am not jealous of him. Rather, I am grateful to him for helping me in my studies.

Unfortunately, my friend was not very good in sports. But I am a very good player of cricket. I have, therefore, been coaching him in the game of cricket. He has learnt a lot about this game. By constant and regular practice under my guidance he has become a first class player of cricket. His health has also improved a lot. He is grateful to me for grooming him in the game of cricket.

J. D. Crivelli, Ph.D.,2011-10-19 Each of us has to make our own way through Life Along the way there are common experiences we all will encounter just as our parents did and their parents before them Some experiences have happy endings others do not Would anyone want to have painful experiences you may ask The answer of course is that no one truly wants pain and suffering in one s life We all wish for the good life for ourselves la dolce vita so to speak Yet from time immemorial the uninitiated even when forewarned repeat the errors of their forbears never seeming to listen and to learn from their experiences In a word they re invent the wheel But that does not have to be If we know we could avoid

certain pitfalls would we not hearken to sound advice Would we not welcome the opportunity to take the well travelled path of Life free of danger or embarrassment or pain Don't Re-invent the Wheel takes the reader through the normal periods of one's life beginning with Grammar School and High School days and then The Years after High School After that time the next major road to cross is Engagement and Marriage as one settles into a long term lasting relationship Also during these years we assume our role as the Good Citizen These then are the life experiences openly discussed in this volume Through informal conversations the author focuses on the pitfalls to avoid and the experiences to anticipate with the hope that a sneak preview of Life will fortify the reader and help him or her to avoid repeating unnecessary mistakes in other words re-inventing the wheel

A Murder of Convenience

Kathleen Buckley, 2025-03-24 Ellen Cuthbert's husband Randolph is now the Earl of Keswick's heir Their marriage is a sham and Randolph's mistress Lydia is present at the house party When she is found murdered in a locked room all the evidence seems to point to Ellen And how could the murderer have escaped the locked room except by witchcraft Sir Hugh accompanies his cousin a magistrate to the scene of the murder They investigate appalled to find their childhood friend Ellen appears to be the chief suspect Hugh's lack of prospects years ago prevented their marriage Now if he cannot find the real murderer there may be only one final service he can perform for Ellen to spare her a slow death at the end of the hangman's rope

The American Poet Samuel D. G. Heath Ph. D., 2009-06 Awarded an American Legion Scholarship I am also an award winning author and have published numerous articles and books Having attended several colleges and universities eventually earning my Ph.D. in Human Behavior I hold several life credentials in education earned during many years as an educator together with years spent working in the Aerospace Industry and other occupations But to call Einstein's famous equation $E=MC^2$ incomplete because it does not account for life and death does seem quite extraordinary yet these remain the two greatest mysteries they have ever been denying us thus far a theory of everything Something animates life and departs with death but what this something is not all our science has yet discovered though things like the Large Hadron Collider may provide needed insight and it has been in the pursuit of knowledge about these two greatest mysteries that has compelled me into so many varied academic studies and careers attempting to make sense of the world and our place in it and how people think and deal with the issues of life and death philosophically religiously and politically The things I have discovered along the way compelled me to much research and speculation about these mysteries and how they impact our lives to communicate my thoughts about them to share with others in a daily journal and posted to my website and provided in book format each year These writings are of importance in an increasingly dangerous world with a most uncertain future due to so much corruption ineptitude and lack of accountability in our own government as well as that of others the abject failure of our schools due to the very same things especially the same lack of accountability we find in government the

religious and political hatreds with protracted wars worldwide and little to give hope for world peace I believed my articles about these important enough to publish in book format Some years ago I removed from the greater part of society to live in semi seclusion alone with my books and thoughts in a quiet part of the Sequoia National Forest devoting myself to contemplation speculating about many things and committing my thoughts in writing fulltime As a writer and author given to much introspection and fascinated by human behavior nature and our universe it was important to me to simplify my life as much as possible as anyone given to philosophical speculation about many things must That much of my writing covers some metaphysical thoughts about God angels and demons an afterlife and Biblical stories of origins of prophecies of the End Times and so much more have been absorbing studies as well and I freely share my thoughts about these in this volume
