Offen, 2000 This ambitious book explores challenges to male hegemony throughout continental Europe over the past 250 years For general readers and those interested primarily in the historical record it provides a comprehensive comparative account of feminist developments in European societies as well as a rereading of European history from a feminist perspective By placing gender or relations between women and men at the center of European politics it aims to reconfigure our understanding of the European past and to make visible a long but neglected tradition of feminist thought and politics On another level the book seeks to disentangle some misperceptions and to demystify some confusing contemporary debates about the Enlightenment reason nature and public vs private equality vs difference In the process the author aims to show that gender is not merely a useful category of analysis but that sexual difference lies at the heart of human thought and politics *Commentaries on the Law of Marriage and Divorce* Bishop, 1881 *Commentaries on the Law of Marriage and Divorce* Joel Prentiss Bishop, 1873 *New Commentaries on Marriage, Divorce and Separation* Bishop, 1891 Laws in the Bible and in Early Rabbinic Collections Samuel Greengus, 2011-10-04 The remarkable discovery of ancient Near Eastern law collections or codes beginning with the Laws of Hammurabi and followed by many other collections in decades following opened a new window upon biblical law This volume seeks to examine within a single study all of the biblical laws that are similar in content with ancient Near Eastern laws from Sumer Babylonia Assyria and Hatti The book also examines a small but important group of early rabbinic laws from postbiblical times that exhibit significant similarities with laws found in the ancient Near Eastern collections or codes This

later group of laws although absent from the Bible are nevertheless of comparable antiquity The presentation focuses on the actual law statements preserved in these ancient law codes The discussion then adds narratives records and reports of legal actions from ancient sources outside the laws all of which relate to the formal law statements The discourse is non polemical in tone and does not seek to revisit all theories and interpretations The format allows readers including those who are new to the subject of biblical law to engage the primary sources on their own *Greek Exercises ...
