A Layman's Look at Life Sean Ferguson, 2024-05-16 Consider this small book to be a message in a bottle cast in the ocean If you should find it washed up on your shore you will find it is not a request for help or rescue Rather it's more of a treasure map pointing to a road less traveled by many Using science religion philosophy observation common sense thousands of hours pondering and hundreds of hours studying the author offers some interesting thoughts about life It's not an attempt to sell you anything but an effort to pique your curiosity fire your imagination and hopefully point you to a path of new discovery As a recovered alcoholic who has suffered from lifelong clinical depression the author shares a perspective gained by painful experience and a newly discovered strong foundation upon which to stand The result is a new way to view the world which will lead you to your own path of discovery It should make you question and verify everything you believe Keep asking questions eliminate the frivolous and find your rock to stand on
