Biography of America ,1862 *Fifty Years of Sathers* Sterling Dow,1965 *The Rise to Respectability* Calvin White,2015-10-01 The Rise to Respectability documents the history of the Church of God in Christ COGIC and examines its cultural and religious impact on African Americans and on the history of the South It explores the ways in which Charles

Harrison Mason the son of slaves and founder of COGIC embraced a Pentecostal faith that celebrated the charismatic forms of religious expression that many blacks had come to view as outdated unsophisticated and embarrassing While examining the intersection of race religion and class *The Rise to Respectability* details how the denomination dealt with the stringent standard of bourgeois behavior imposed on churchgoers as they moved from southern rural areas into the urban centers in both the South and North Rooted in the hardships of slavery and coming of age during Jim Crow COGIC s story is more than a religious debate Rather this book sees the history of the church as interwoven with the Great Migration class tension racial animosity and the struggle for modernity all representative parts of the African American experience The Historical Magazine and Notes and Queries Concerning the Antiquities, History and Biography of America John Ward Dean, George Folsom, John Gilmary Shea, Henry Reed Stiles, Henry Barton Dawson, 1859 Select Notes Mary Abby Thaxter Peloubet, 1888 Pitman's Journal of Commercial Education , 1895 Drawing on Religion Ken Koltun-Fromm, 2020-11-10 Comics traffic in stereotypes which can translate into real danger as was the case when in 2015 two Muslim gunmen opened fire at the offices of Charlie Hebdo which had published depictions of Islam and Muhammad perceived by many to be blasphemous As a response to that tragedy Ken Koltun Fromm calls for us to expand our moral imaginations through readings of graphic religious narratives Utilizing a range of comic books and graphic novels including R Crumb s *Book of Genesis Illustrated* Craig Thompson s *Blankets* the Vakil brothers 40 Sufi Comics and Ms Marvel Koltun Fromm argues that representing religion in these formats is an ethical issue By focusing on the representation of Christian Jewish Muslim and Hindu religious traditions the comics discussed in this book bear witness to the ethical imagination the possibilities of traversing religious landscapes and the problematic status of racial classed and gendered characterizations of religious persons Koltun Fromm explores what religious stereotypes do and how they function in comics in ways that might expand or diminish our imaginative worlds The pedagogical challenge he argues is to linger in that space and see those worlds well with both ethical sensitivity and moral imagination Accessibly written and vibrantly illustrated this book sheds new light on the ways in which comic arts depict religious faith and culture It will appeal to students and scholars of religion literature and comic studies

Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc , 1866 The Dead City Paul Dobraszczyk, 2017-06-30 *The Dead City* unearths meanings from such depictions of ruination and decay looking at representations of both thriving cities and ones which are struggling abandoned or simply in transition It reveals that ruination presents a complex opportunity to envision new futures for a city whether that is by rewriting its past or throwing off old assumptions and proposing radical change Seen in a certain light for example urban ruin and decay are a challenge to capitalist narratives of unbounded progress They can equally imply that power structures thought to be deeply ingrained are temporary contingent and even fragile Examining ruins in Chernobyl Detroit London Manchester and Varosha this book demonstrates that how we discuss and depict urban decline is intimately connected to the

histories economic forces power structures and communities of a given city as well as to conflicting visions for its future

Worktown David Hall, 2015-08-13 In the late 1930s the Lancashire town of Bolton witnessed a ground breaking social experiment Over three years a team of ninety observers recorded in painstaking detail the everyday lives of ordinary working people at work and play in the pub dance hall factory and on holiday Their aim was to create an anthropology of ourselves The first of its kind it later grew into the Mass Observation movement that proved so crucial to our understanding of public opinion in future generations The project attracted a cast of larger than life characters not least its founders the charismatic and unconventional anthropologist Tom Harrisson and the surrealist intellectuals Charles Madge and Humphrey Jennings They were joined by a disparate band of men and women students artists writers and photographers unemployed workers and local volunteers who worked tirelessly to turn the idle pleasure of people watching into a science Drawing on their vivid reports photographs and first hand sources David Hall relates the extraordinary story of this eccentric short lived but hugely influential project Along the way he creates a richly detailed fascinating portrait of a lost chapter of British social history and of the life of an industrial northern town before the world changed for ever
