Was It Really Like That? Gino Gammaldi, 2019-09-11 Gino Gammaldi has a clear memory of the early beginnings of his family who migrated

from Italy to Australia in the mid 1950s and has tried to portray those memories in this book in a manner that is sure to engage everyone's interest. Much of the earlier parts of this book are written through the eyes of a child growing up among everything that should probably relate only to those who are adult enough to cope with such hardships, temptations, sorrows and disappointments. But as a child, these elements became a part of the simple life that was as normal as anything one could imagine. But in later stages, Gino also remembers all the good and fun times and he portrays these beautifully and graphically through the many characters you will encounter in the two volumes of his book. He brings them to life and engages the reader simply by the humour and by the special qualities that each one of these characters magnifies and how all of these experiences impacted on his own life. *Encyclopedia of the British Novel* Virginia Brackett, Victoria Gaydosik, 2015-04-22

Praise for the print edition comprehensive Recommended **The (Almost) Complete Hitchhiker in Time** Shawn M. Tomlinson, 2015-11-07 The Hitchhiker in Time columns were the single most popular things ever written by Shawn M. Tomlinson which honestly doesn't say all that much. All together they appeared in fewer than 10 newspapers between 1988 and 2001. Well, multiple copies of those newspapers of course. The highest circulation was approximately 40,000 so not exactly Bob Greene levels. Still, Tomlinson had a following with these columns and to a great extent they hold up well today. Either that or Tomlinson would like to think so. Many of these columns appeared in chapbooks over the years but this is the first full collection of them to be in print.
