aussi d'ailleurs La violence ruineuse du conflit n'est pas due au seul choc des terreurs d'ici et de là en haut cette guerre civile est d'abord un chaos indescriptible et très violent où l'Etat et la société russes se sont dissints sous la poussée de multiples forces centrifuges Pour mieux cerner les implications profondes de cet événement complexe et le raconter il fallait la connaissance intime de l'homme russe d'Alexandre Jevakhoff ainsi que sa plume Le résultat de ce travail de longue haleine est exceptionnel l'auteur livre enfin une étude complète et de passionnée de ce moment essentiel dans l'histoire du XX^e siècle

Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state

L'Empire russe en révolutions Michel Tissier, 2019-08-14 Entre 1905 et 1922 l'Empire russe a connu une série d'épisodes révolutionnaires qui ont abouti à la chute de l'empire tsariste et à la création de l'Union soviétique L'ouvrage se consacre à cette quinzaine d'années qui ont métamorphosé la Russie de Nicolas II et le monde tout entier en présentant et analysant les différentes phases du processus révolutionnaire Le soulèvement en 1905 contre le régime autocratique des Romanov est le premier de ces événements Il bouleverse les anciens équilibres et fait entrer le pays dans une profonde crise d'identité politique entre maintien de l'autocratie et expérience constitutionnelle L'entrée de l'empire dans la

communauté juive et qui annonce le génocide. L'Est a laissé peu de traces dans la mémoire collective, les archives ont massivement disparu. Surtout l'ombre portée de la Shoah a occulté les traumatismes antérieurs. Aujourd'hui toutefois une nouvelle génération d'historiens russes exhume cette histoire. En témoignent ce livre des pogroms publié à Moscou en 2006 qui rassemble des milliers de témoignages recueillis dès mai 1919 auprès des survivants et des réfugiés ainsi que par les rapports d'enquêtes diligents par les organismes d'aide aux victimes. Un ouvrage d'une valeur historique exceptionnelle. Ouvrage publié avec le concours du Centre national du livre.

The Red International of Labour Unions (RILU) 1920 - 1937 Reiner Tosstorff, 2016-09-07. The Red International of Labour Unions (RILU) Russian abbreviation Profintern was a central instrument for the spreading of international communism during the inter-war period. This comprehensive and scholarly history of the organisation based on extensive research in the former communist archives in Moscow and East Berlin sheds significant light on the international trade union movement of the period. Tosstorff shows how the RILU began as a revolutionary alliance of syndicalists and communists in defiance of the social democratic International Federation of Trade Unions. His text presents a full account of the organisation's main stages: the decline of the revolutionary wave after World War One after which many syndicalists left and others were integrated into the communist parties; the continuation of the RILU as an international communist apparatus and its dissolution in 1936/7 as part of communism's popular front policy. First published in German as *Profintern Die Rote Gewerkschaftsinternationale 1920 1937* by Ferdinand Schlingensiefen, Paderborn in 2004.

Geoffrey Swain Terry Cox, 2018-12-07. Acclaimed historian and retired Alec Nove Chair in Russian and East European History at the University of Glasgow, Geoffrey Swain has written extensively on the history of Russia and Eastern Europe during the twentieth century, in particular on Russia during the Civil War, Latvia during the first years of Soviet rule and the career of Josip Broz Tito. Esteemed for his pursuit of historical enquiry which went against the grain of commonly accepted views of communism in power, significantly Swain also explored the strength or coherence of some of the alternatives that emerged to the paths actually taken, themes which in their own way run through this collection of essays featuring contributions predominantly from papers delivered at the 7th CRCEES Research Forum in July 2015. Honoring the critical tradition and at times contentious work of Geoffrey Swain, this volume comprises seven original articles offering alternative insights into the complexities of Russian, Yugoslav and Latvian history which are complemented by three essays reviewing his work in its context and implications. This book was originally published as a special issue of *Europe Asia Studies*.

Les romans de Heimito von Doderer Eric Chevrel, 2008. Cet ouvrage entend exposer les ressorts et les ambitions de l'écriture de Doderer qui veut faire coïncider vérité et expression, travers des analyses serrées des romans de la maturité que sont *Die Strudlhofstiege*.

1951 Die Dämonen 1956 Die Wasserfälle von Slunj 1963 et Der Grenzwald 1967 fragment posthume L'itude du culte de l'crivain qui se manifeste dans ses journaux intimes montre comment l'criture romanesque constitue pour Doderer un enjeu existentiel dans un contexte de crise du genre. Corrélativement l'examen des structures narratives met en relief l'importance accordée aux catégories temporelles et visuelles aussi bien qu'aux failles de la narration. Doderer partageant sur ce point le scepticisme de ses contemporains modernistes. Sur ces bases peuvent être dégagés quatre modèles principaux qui ont guidé le réalisme de Doderer qui conserve l'ambition de la totalité et cherche à opposer tout réductionnisme idéologique un modèle historiographique qui prend forme dans le sillage de ses études d'histoire non sans dériver vers un modèle politique avec un roman thése antisémite dans les années 1930 un modèle policier et judiciaire fonction thérapeutique et finalement un modèle linguistique qui garantit Doderer la cohérence de son univers romanesque.
