between the theory of press control and the realities of practicing daily press censorship prior to publication this volume on the suppression of dissent in early modern Europe tackles a topic with many elusive and under researched characteristics Pre publication censorship was common in absolutist regimes in Catholic and Protestant countries alike but how effective it was in practice remains open to debate The Netherlands and England where critical content segued into outright lampoonery were unusual for hard wired press freedoms that arose respectively from a highly competitive publishing industry and highly decentralized political institutions These nations remained extraordinary exceptions to a rule that for example in France did not end until the revolution of 1789 Here the author s European perspective provides a survey of the varying censorship regulations in European nations as well as the shifting meanings of freedom of the press The analysis opens up fascinating insights afforded by careful reading of primary archival sources into the reactions of censors confronted with manuscripts by authors seeking permission to publish Tortarolo sets the opinions on censorship of well known writers including Voltaire and Montesquieu alongside the commentary of anonymous censors allowing us to revisit some common views of eighteenth century history How far did these writers their reasoning stiffened by Enlightenment values promote dissident views of absolutist monarchies in Europe and what insights did governments gain from censors reports into the social tensions brewing under their rule These questions will excite dedicated researchers graduate students and discerning lay readers alike

The Citizenship Experiment René Koekkoek, 2020-01-23 The Citizenship Experiment explores the fate of citizenship ideals in the Age of Revolutions While in the early 1790s citizenship ideals in the Atlantic world converged the twin shocks of the Haitian Revolution and the French Revolutionary Terror led the American French and Dutch publics to abandon the notion of a shared Atlantic revolutionary vision of citizenship Instead they forged conceptions of citizenship that were limited to national contexts restricted categories of voters and advanced stages of civilization Weaving together the convergence and divergence of an Atlantic revolutionary discourse debates on citizenship and the intellectual repercussions of the Terror and the Haitian Revolution Koekkoek offers a fresh perspective on the revolutionary 1790s as a turning point in the history of citizenship

Charting the Past Jeremy Black, 2018-10-12 Eighteenth century England was a place of enlightenment and revolution new ideas abounded in science politics transportation commerce religion and the arts But even as England propelled itself into the future it was preoccupied with notions of its past Jeremy Black considers the interaction of history with knowledge and culture in eighteenth century England and shows how this engagement with the past influenced English historical writing The past was used as a tool to illustrate the contemporary religious social and political debates that shaped the revolutionary advances of the era Black reveals this present centered historical writing to be so valued and influential in the eighteenth century that its importance is greatly underappreciated in current considerations of the period In his customarily vivid and sweeping approach Black takes readers from print shop to church pew courtroom to painter s studio to show how historical writing influenced the era which in turn gave birth to the modern world
