The Elites of Barotseland 1878-1969 Gerald L. Caplan, 2023-11-15 The Elites of Barotseland 1878 1969 offers a comprehensive political history of Zambia's Western Province focusing on the Lozi people and their interactions with imperial powers especially in the late 19th and early 20th centuries The study traces the political dynamics of Barotseland from the late 1800s highlighting how imperial forces shaped the kingdom's structure as well as the internal power struggles among the Lozi elites It emphasizes the historical significance of Barotseland's integration into Zambia in the 1960s which marked the transformation of a colonial entity into a unified state The work examines the political economic and social structures of Barotseland emphasizing the role of the Lozi ruling elite in shaping the region's destiny The study reveals how the Lozi who had been relatively powerful in their region adapted to European imperialism through indirect rule and how these interactions influenced the formation of a new political and social elite Through detailed accounts of the Lozi kings such as King Mulambwa and later Lewanika as well as the colonial and post colonial political transformations the book discusses the role of elites in both resisting and accommodating imperial power Additionally the study touches on the broader themes of colonialism in Africa examining how economic systems education

and social class conflicts played out within Barotseland The rise of secessionist tendencies and the contest for power between various elite factions are also explored in the context of Barotseland s eventual integration into Zambia This book offers a nuanced understanding of the internal politics of Barotseland and its significance in the larger framework of Southern African history making it an important resource for those interested in African political history and the dynamics of colonialism and post colonial state formation This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970 [A Dictionary of English Etymology](#) Hensleigh Wedgwood,1872 **A Dictionary of English Etymology** ,1872 **World Christian Encyclopedia** David B. Boellstorff, 2005-10-17 *The Gay Archipelago* is the first book length exploration of the lives of gay men in Indonesia the world's fourth most populous nation and home to more Muslims than any other country Based on a range of field methods it explores how Indonesian gay and lesbian identities are shaped by nationalism and globalization Yet the case of gay and lesbian Indonesians also compels us to ask more fundamental questions about how we decide when two things are the same or different The book thus examines the possibilities of an archipelagic perspective on sameness and difference Tom Boellstorff examines the history of homosexuality in Indonesia and then turns to how gay and lesbian identities are lived in everyday Indonesian life from questions of love desire and romance to the places where gay men and lesbian women meet He also explores the roles of mass media the state and marriage in gay and lesbian identities *The Gay Archipelago* is unusual in taking the whole nation state of Indonesia as its subject rather than the ethnic groups usually studied by anthropologists It is by looking at the nation in cultural terms not just political terms that identities like those of gay and lesbian Indonesians become visible and understandable In doing so this book addresses questions of sexuality mass media nationalism and modernity with implications throughout Southeast Asia and beyond
