The Mid-Career Success Guide Sally J. Power,2006-10-30 Most people realize that the employment deal has changed the days of lifetime employment or even a clear trajectory up the corporate ladder are long gone Dozens of surveys merely quantify what we all know that education hard work and loyalty are no longer enough to guarantee job security People in mid career today want to take greater control of their working lives for many reasons But they are not sure of how to do that in a working world full of change uncertainty disappearing career paths downsizings and early retirement packages In The Mid Career Success Guide Sally Power draws from her research in management and career development to explain the sources and implications of these trends and provide solutions to the challenges they present The book introduces the Employability Plus model an approach to career management that leaves behind the traditional job or

organization centric perspectives by focusing on the individual's work as a portfolio of skills that can be shaped to their interests and to their employers' needs and desires. Moreover, Power explores how individuals can make the time to develop new skills and knowledge even when they are employed full time in order to expand the array of options available. Featuring real life examples, interactive exercises and an appendix of research tools and methods, *The Mid Career Success Guide* offers fresh strategies and tactics for overcoming job stress and uncertainty and proactively managing your career in midlife and beyond. In addition, it will serve as an essential resource for managers, human resource and career counseling professionals and professors and students of organizational behavior and workplace trends. *Resources in Education*, 2000 **A**

Modern Guide To Labour and the Platform Economy Drahokoupil, Jan, Vandaele, Kurt, 2021-10-12. Providing an insightful analysis of the key issues and significant trends relating to labour within the platform economy, this *Modern Guide* considers the existing comparative evidence covering all world regions. It also provides an in depth look at digital labour platforms in their historical, economic and geographical contexts. **New Approaches to Manpower Planning and Analysis**

International Labour Office, 1994. This study re-examines the role and relevance of manpower planning and analysis in the developing countries of Africa, notably Botswana and Asia, in the light of the imperatives of structural adjustment programmes and explores the information needs of economies in transition in the context of a shift to market oriented policies. Topics covered include methodology, the role of government and the types of labour market analysis required. The book contains a suggested research agenda.
