Burns,1906 The Official Railway Guide ,1905 **Official Report** Saint Louis (Mo.). Board of Education,1916 *The Devil Is Here in These Hills* James Green,2018-09-01 The most comprehensive and comprehensible history of the West Virginia Coal War I ve ever read John Sayles writer and director of Matewan On September 1 1912 the largest most protracted and deadliest working class uprising in American history was waged in West Virginia On one side were powerful corporations whose millions bought armed guards and political influence On the other side were fifty thousand mine workers the nation s largest labor union and the legendary miners angel Mother Jones The fight for unionization and civil rights sparked a political crisis that verged on civil war stretching from the creeks and hollows of the Appalachians to the US Senate Attempts to unionize were met with stiff resistance Fundamental rights were bent then broken The violence evolved from bloody skirmishes to open armed conflict as an army of more than fifty thousand miners finally marched to an explosive showdown Extensively researched and vividly told this definitive book about an often overlooked chapter of American history gives this backwoods struggle between capital and labor the due it deserves Green tells a dark often despairing story from a century ago that rings true today Pittsburgh Post Gazette **The Bibliographer's Manual of Gloucestershire Literature: City of Bristol (including Chattertoniana) Alphabetical list of Bristol printers. Index of authors. Index of subjects** Francis Adams Hyett,William Bazeley,1897 **Redefining the Modern Military** Nathan K. Finney,Tyrell Mayfield,2018-10-15 This edited collection will expand upon and refine the ideas on the role of ethics and the profession in the 21st Century The authors delve into whether Samuel Huntington and Morris Janowitz still ring true in the 21st century whether training and continuing education play a role in defining a profession and if there is a universal code of ethics required for the military as a profession Redefining the Modern Military is unique in how it treats the subject of ethics and the military profession as well as the types of writers it brings on board to address this topic The book puts a significant emphasis on individual agency for military professionalism as opposed to broad organizational or cultural change Such a review of these topics is necessary because the process of serious intellectual self reflection is a requirement especially in a profession that involves life and death of people and nations Readers' Guide to Periodical Literature ,1919 Readers' Guide to Periodical Literature Anna Lorraine Guthrie,Bertha Tannehill,Neltje Marie Tannehill Shimer,1919
