Boyer, 1998-01-01 **The Enduring Vision** Paul S. Boyer, Stephen B. Oates, 1998-01-01 *Diamonds and Deadlines* Betsy Prioleau, 2022-03-29 Betsy Prioleau s biography of Gilded Age female tycoon Miriam Leslie is an appropriately twisty tale of someone trying to outrun her origins Her story sparkles as intoxicating as a champagne fountain that somebody else is paying for New York Times Book Review Among the fabled tycoons of the Gilded Age Carnegie Rockefeller Vanderbilt is a forgotten figure Mrs Frank Leslie For 20 years she ran the country s largest publishing company Frank Leslie Publishing which chronicled postbellum America in dozens of weeklies and monthlies A pioneer in an all male industry she made a fortune and became a national celebrity and tastemaker in the process But Miriam Leslie was also a byword for scandal she flouted feminine convention took lovers married four times and

harbored unsavory secrets that she concealed through a skein of lies and multiple personas Both during and after her lifetime glimpses of the truth emerged including an illegitimate birth and a checkered youth *Diamonds and Deadlines* reveals the previously unknown sensational life of the brilliant and brazen empress of journalism who dropped a bombshell at her death she left her entire multimillion dollar estate to women's suffrage a never equaled amount that guaranteed passage of the Nineteenth Amendment In this dazzling biography cultural historian Betsy Prioleau draws from diaries genealogies and published works to provide an intimate look at the life of one of the Gilded Age's most complex powerful women and unexpected feminist icons Ultimately *Diamonds and Deadlines* restores Mrs Frank Leslie to her rightful place in history as a monumental businesswoman who presaged the feminist future and reflected in bold relief the Gilded Age one of the most momentous seismic and vivid epochs in American history Includes **Black and White Images Bombs, Bullets and Bread** Michael Kemp, 2018-09-06 During the late 19th and early 20th centuries a wave of political violence swept across the globe causing widespread alarm Described by the media of the day as propaganda of the deed assassinations bombings and assaults carried out by anarchists both individuals and conspirators were intended to incite revolution and established the precedents of modern terrorism Much has been written about these actions and the responses to them yet little attention has been given to the actors themselves Drawing on wide range of sources the author profiles numerous insurgents their deeds and their motives *Writing World War II* Sylvie Murray, Robert D. Johnston, 2025-09-23 An indispensable tool for high schoolers undergraduates or even amateur enthusiasts *Writing World War II* teaches the craft of history writing by example In a series of thoughtful essays Sylvie Murray examines American involvement in World War II and how it has subsequently been portrayed by historians Murray addresses three broad topics the prelude to war the war effort on the home front and the atypical experiences of soldiers in an effort to recapture the mixed emotions of the time and the larger forces shaping public opinion Her work challenges the traditional notions of the greatest generation and the good war and explores viewpoints that have been largely ignored in popular retellings The book serves a dual purpose critiquing the approaches of various historians while at the same time offering Murray's own writing as a model for constructing a persuasive essay But as Murray is rightly critical of one-sided historical arguments *Writing World War II* offers another layer of analysis and instruction throughout At various points in the book her fellow historian Robert D Johnston chimes in to assess Murray's prose demystifying her techniques while helping you to become more critical of all sorts of historical writing including your own *Engaging Difference* Dovile Budryte, Scott Boykin, 2017-01-26 *Engaging Difference* discusses how to develop strategies to engage difference that work for both students and professors in multicultural classrooms The contributions to this volume discuss specific pedagogical techniques for example the use of novels web resources and personal narratives and the ways in which these have been applied in the classroom and in related educational activities One contribution addresses the issues related to the freedom of speech in diverse classrooms The essays are rooted in relevant theoretical perspectives

from active learning literature including emerging approaches on intersectional pedagogies All authors are practitioners engaged in teaching in college and several have previous high school teaching experience They openly discuss challenges related to teaching in diverse classrooms and suggest pedagogical strategies to thrive in diverse environments
