George* Mark Dickens, Stephen Bentley, 2023-11-05 This huge and complex operation is almost unbelievable the bravery and
courage the risks the challenges it creates an epic tale that would rival any fictional thriller or detective novel NetGalley UK
Review Operation George ranks up with true crime classics such as Donnie Brasco and The Infiltrator in its pulse pounding
narrative of undercover operations with significant ramifications Readers Favorite 5 Star Review Meet the real Line of Duty
undercover team in this previously untold and gripping story of how a Northern Irish terrorist and murderer and one of his
followers were caught in an audacious and brilliantly executed undercover sting on the English mainland codenamed
Operation George Following the horrific murder of Rosemary Nelson the prominent human rights lawyer Jim Fulton a
prominent LVF paramilitary fled to the United States He was deported with help from the FBI and in collusion with the
British police on his arrival at Heathrow Fulton walked through an open door a Lewis Carroll like euphemism for an invitation
created by the crack undercover covert police team only to disappear down the rabbit hole on accepting the invitation The
invitation turned undercover policing methods on its head Normally undercover officers infiltrate organised crime groups In
this case the Operation George team of undercover officers was the organised crime group The rabbit hole led to an
alternative world an environment created and controlled by the elite covert team and only inhabited by the undercover
officers and their targets The subterfuge encouraged the terrorist targets into believing Fulton was working for a Plymouth
based criminal firm over a period spanning almost two years In that time over fifty thousand hours of conversations between
the firm members were secretly recorded and used to bring the killer and one of his followers to justice This unique story is
told by former undercover officer Mark Dickens who was part of the elite team of Operation George undercover detectives

This deception is one of the most remarkable covert policing operations the world has ever known Together with pioneering Operation Julie undercover officer and bestselling author Stephen Bentley they have written a gripping account of a unique story reminiscent of the premise of The Sting film combining a true crime page turner with a fascinating insight into early 21st century covert policing
