A Place Called Nunavut Karin Irma Margot van Dam, Kim van Dam, 2008 In 1999 Nunavut Territory was created in the Canadian Arctic. The area is about 50 times as large as the Netherlands and is inhabited by a population of 30 000. 85% of the population is Inuit, the indigenous people in this area. The central questions in this research project are what place or regional identities are being ascribed to Nunavut by different groups of people from within and from outside the region and how do these identities work. In the process of the formation of the region, the territorial Government of Nunavut is an important actor in producing a regional identity that is based on the cultural identity of the Inuit, the Inuit Homeland. This official regional identity creates a symbolic unity that is important in linking people to the region and through which the land, the history and the people are united in a new territorial membership. However, there is no reason to assume that there is only one regional identity for Nunavut. Different individuals or groups of people from within and from outside the region, such as the people who live in one of the 25 communities and those who work for the multinational mining corporations or as tourist operators, are also involved in the production and reproduction of identities for Nunavut. They represent Nunavut, for example, as a place to live, a resource region, a wilderness or as a sustainable place. Nunavut Government also links these alternative identities to the area because, as a government, they are not only interested in protecting Inuit culture but also aim to modernize the economy in order to enhance prosperity and well-being. As such, the place identities are hybrid and identities that before were produced only by external actors are now also being produced by internal actors and vice versa.

Russian Folk Songs, 1922 **Israeli Backpackers** Chaim Noy, Erik Cohen, 2012-02-01 In the period after their military service, Jewish Israeli youth customarily embark on a unique touristic practice: the backpacking trip. Combining sociological, anthropological and psychological research based on innovative fieldwork conducted with Israeli backpackers in Israel and abroad, this book depicts the complex relationship between the traveling youth and their society of origin. Via a perspective the editors term 'outside in', we learn how social and cultural tensions and tenets, identities, fantasies and preoccupations are acted out within a symbolic touristic space by scores of Israeli youth.

Tales of Crocodile's Lake, Vol.3 Ahmed Zakaria, 2023-08-28 After the departure of King Bakaro, unfortunate events unfolded in Crocodile Lake, resulting in the arrival of the sorceress queen to power. She became involved in the murder of the king's legitimate children and seized power after abandoning the king himself. It was a reign of injustice and tyranny where the queen utilized all her demonic tricks and the magic she learned in the cave of Arsanom to eliminate anyone who stood in the way of her plans. However, the rightful heir to the kingdom, Karo, does not lose hope and fights to regain the legacy of his eagle ancestors.

A Biography of Loneliness Fay Bound Alberti, 2019-09-12 A compassionate, wide-ranging study. Terry Eagleton, *The Guardian*. Despite 21st-century fears of a modern epidemic of loneliness, its history has been sorely neglected. *A Biography of Loneliness* is the first history of its kind to be published in English, offering a radically new interpretation of loneliness as an emotional language.

and experience Using letters and diaries philosophical tracts political discussions and medical literature from the eighteenth century to the present historian of the emotions Fay Bound Alberti argues that loneliness is not an ahistorical universal phenomenon It is in fact a modern emotion before 1800 its language did not exist As Alberti shows the birth of loneliness is linked to the development of modernity the all encompassing ideology of the individual that has emerged in the mind and physical sciences in economic structures in philosophy and politics While it has a biography of its own loneliness impacts on people differently according to their gender ethnicity religion outlook and socio economic position It is Alberti argues not a single state but an emotion cluster composed of a wide variety of responses that include fear anger resentment and sorrow In spite of this loneliness is not always negative And it is physical as well as psychological loneliness is a product of the body as much as the mind Looking at informative case studies such as Sylvia Plath Queen Victoria and Virginia Woolf A Biography of Loneliness charts the emergence of loneliness as a modern emotional state From social media addiction to widowhood from homelessness to the oldest old from mall hauls to massages loneliness appears in all aspects of 21st century life Yet we cannot address its meanings let alone formulate a cure without attention to its complex protean history The Catalogue of Printed Music in the British Library to 1980 British Library. Baillie,1981 **Margery Kempe and the Lonely Reader** Rebecca L. Krug,2017-03-07 Since its rediscovery in 1934 the fifteenth century Book of Margery Kempe has become a canonical text for students of medieval Christian mysticism and spirituality Its author was a fifteenth century English laywoman who after the birth of her first child experienced vivid religious visions and vowed to lead a deeply religious life while remaining part of the secular world After twenty years Kempe began to compose with the help of scribes a book of consolation a type of devotional writing found in late medieval religious culture that taught readers how to find spiritual comfort and how to feel about one s spiritual life In Margery Kempe and the Lonely Reader Rebecca Krug shows how and why Kempe wrote her Book arguing that in her engagement with written culture she discovered a desire to experience spiritual comfort and to interact with fellow believers who also sought to live lives of intense emotional engagement An unlikely candidate for authorship in the late medieval period given her gender and lack of formal education Kempe wrote her Book as a revisionary act Krug shows how the Book reinterprets concepts from late medieval devotional writing comfort despair shame fear and loneliness in its search to create a spiritual community that reaches out to and includes Kempe her friends family advisers and potential readers Krug offers a fresh analysis of the Book as a written work and draws attention to the importance of reading revision and collaboration for understanding both Kempe s particular decision to write and the social conditions of late medieval women s authorship **Russian Folk-songs**
