positions in the world is that of a martial arts instructor Even when the instructor is incredibly talented he she can be a bad instructor The reason is that the martial arts demand people who can fight good and not people who are knowledgeable as to why they can fight good Thus a typical instructor course in the martial arts is boot camp conditioning how hard one can punch how many punches one can throw and not the knowledge behind what makes a good punch And most importantly the ability to transfer that knowledge out of the instructor's head and into the student's This book is entirely unique and the contents have never been written of or even described in the history of the world For over ten years the author has taught and been selling this book in the original Master Instructor course and in that time no one has ever stated that they already knew the material of this book On the contrary every student was shocked and surprised and delighted to find something that wasn't the same old same old but was in fact something new and unique in the martial arts It can be said with all honesty that an instructor who hasn't grasped the contents of this book isn't an instructor at all About the author Al Case walked into his first martial arts school in 1967 He has studied Kenpo Karate Wing Chun Aikido Northern Shaolin Ton too Southern Shaolin Fut Ga Pa Kua Chang and Tai Chi Chuan He is the originator of Matrixing Technology the only martial science in the world and of Neutronic philosophy **Isshin-Ryu Karate-Do** Bill Reynolds,2018-03-24 The Isshin Ryu system of karate or the One Heart Way was established in 1956 by Master Shimabuku Tatsuo in Okinawa US Marines stationed there trained with Master Shimabuku and brought it back to the United States This book is to serve as a resource to help Isshin Ryu students to better personalize their understanding of this martial art system and to be better able to train others Not only basics kata and sparring are covered but also the history philosophy and culture underlying Isshin Ryu are addressed
