Engaging Hinduism Christopher Poshin David, 2020 Hinduism is now truly a global spiritual phenomena and no more merely the prevailing religious and philosophical worldview of India alone Christians through the centuries have meaningfully tried to engage with Hinduism but with limited success Hinduism continues to be the Indian Church's biggest challenge calling for an intellectually robust and comprehensive system of apologetics To address this the book introduces presuppositional apologetics a Biblical and relatively untried model of apologetics in India Scholarly and at the same time practical the author demonstrates how presuppositional apologetics can be effectively employed in the Indian context by engaging with the neo Hindu philosophical thought of Swami Vivekananda Book jacket

Hinduism in America Jeffery D. Long, 2020-08-06 Read the story of two worlds that converge one of Hindu immigrants to America who want to preserve their traditions and pass them on to their children in a new and foreign land and one of American spiritual seekers who find that the traditions of India fulfil their most deeply held aspirations Learn about the theoretical approaches to Hinduism in America the question of orientalism and the invention of Hinduism Read about how concepts like karma rebirth meditation and yoga have infiltrated and influenced the American consciousness Hindu temples in the United States and Canada how Hinduism has influenced vegetarianism the emergence of an increasingly assertive socially and politically active American

Translating the Bible Into Action, 2nd Edition Margaret Hill, Harriet Hill, 2022-06-15 When Jesus was born to Mary God translated himself into our human world This act of God's translation continues today wherever the gospel is expressed in each language and lived out in each culture that makes up our diverse world Unfortunately the church often ignores its cultural and linguistic diversity and instead imposes a dominant language and culture for expressing faith This textbook seeks to challenge that situation By identifying common barriers that prevent people from engaging with Scripture the authors explore the ways churches can maintain unity in Christ and celebrate the diversity of their membership Addressing a wide range of relevant issues and using practical applications this revised and updated edition re-establishes the importance of good contextual Scripture engagement A key resource in helping church leaders encourage people to communicate with God in their own language and to discover that Christ wants to make himself at home in their world **Engaging the**
