Essays on James Clarence Mangan S. Sturgeon, 2015-12-31 This is the first collection of essays to focus on the extraordinary literary achievement of James Clarence Mangan 1803 1849 increasingly recognized as one of the most important Irish writers of the nineteenth century It features contributions by acclaimed contemporary writers including Paul Muldoon and Ciaran Carson

Postcolonial Settings in the Fiction of James Clarence Mangan, Joseph Sheridan Le Fanu and Bram Stoker Richard Jorge, 2023-10-09 This book explores how three Anglo Irish writers J C Mangan J S Le Fanu and Bram Stoker use settings in their short fictions to recreate depict and confront Ireland's colonial situation in the nineteenth century This study provides an innovative approach by targeting a genre the short story which has not been explored in its entirety certainly not within nineteenth century Ireland much less using a postcolonial approach to the short story Added to this is the fact that it analyses how these writers used settings as an anticolonial tool To do so the book is divided into two major sections an analysis of Irish settings and non Irish ones It works on the premise that all three writers used the idea of displacement to target colonialism and its effects on Irish society In short this book addresses a gap in scholarship as the Irish Gothic short story as a decolonizing tool has not been sufficiently and globally studied

Éirinn & Iran go Brách Mansour Bonakdarian, 2023-12-05 This book analyzes particular patterns of nationalist self configuration and nationalist uses of memory counter memory and historical amnesia in Ireland from roughly around the time of the emergence of a broad based non sectarian Irish nationalist platform in the late eighteenth century the Society of United Irishmen until Ireland's partition and the founding of the Irish Free State in 1922 In approaching Irish nationalism through the particular historical lens of Iran this book underscores the fact that Irish nationalism during this period and even earlier always utilized a historical paradigm that grounded Anglo Irish encounters and Irish nationalism in the broader world history a process that I term worlding of Ireland In effect Irish nationalism was always politically and culturally cosmopolitan in outlook in some formulations even in the case of many nationalists who resorted to insular and narrowly defined exclusionary ethnic and or religious formulations of the Irish nation Irish nationalists as nationalists in many other parts of the world recurrently imagined their own history either in contrast to or as reflected in the histories of peoples and lands elsewhere even while claiming the historical uniqueness of the Irish experience Present in a wide range of Irish nationalist political cultural and historical utterances were assertions of past and or present affinities with other peoples and lands

A Critical Reappraisal of the Writings of Francis Sylvester Mahony Fergus Dunne, 2018-08-08 This book resituates Francis Sylvester Mahony in an early nineteenth century literary historical context counteracting the efforts of twentieth century literary historians to obscure his contribution to the emergence of a distinctive Irish Catholic fiction in English This volume re explores his ambivalent role as a Catholic unionist contributor to the progressive Tory London periodical Fraser's Magazine examining his use of translation to map out an alternative literary aesthetic of the peripheries The book also traces the development of his

political thinking in his Italian journalism for Charles Dickens Daily News in which he responded to the events of the Famine by finding common cause with Young Ireland and looks afresh at his final incarnation as a British Liberal commentator on Irish and European affairs for the Globe newspaper More broadly the book seeks to re evaluate Mahony s cosmopolitan writings in relation to the multifaceted transnational perspectives on Irish British and European affairs presented in his essays and journalism *The Cambridge Companion to Irish Poets* Gerald Dawe,2018 A fresh accessible and authoritative study that conveys the richness and diversity of Irish poets their lives and times **The Ordnance Survey and Modern Irish Literature** Cólín Parsons,2016-04-14 The Ordnance Survey and Modern Irish Literature offers a fresh new look at the origins of literary modernism in Ireland tracing a history of Irish writing through James Clarence Mangan J M Synge W B Yeats James Joyce and Samuel Beckett Beginning with the archives of the Ordnance Survey which mapped Ireland between 1824 and 1846 the book argues that one of the sources of Irish modernism lies in the attempt by the Survey to produce a comprehensive archive of a land emerging rapidly into modernity The Ordnance Survey instituted a practice of depicting the country as modern fragmented alienated and troubled both diagnosing and representing a landscape burdened with the paradoxes of colonial modernity Subsequent literature returns in varying ways both imitative and combative to the complex representational challenge that the Survey confronts and seeks to surmount From a colonial mapping project to an engine of nationalist imagining and finally a framework by which to evade the claims of the postcolonial nation the Ordnance Survey was a central imaginative source of what makes Irish modernist writing both formally innovative and politically challenging Drawing on literary theory studies of space the history of cartography postcolonial theory archive theory and the field Irish Studies The Ordnance Survey and Modern Irish Literature paints a picture of Irish writing deeply engaged in the representation of a multi layered landscape **Geofeminism in Irish and Diasporic Culture** Christin M. Mulligan,2019-06-12 Geofeminism in Irish and Diasporic Culture Intimate Cartographies demonstrates the ways in which contemporary feminist Irish and diasporic authors such as Nuala Ní Dhomhnaill and Tana French cross borders literally in terms of location ideologically in terms of syncretive politics and faiths figuratively in terms of conventions and canonicity and linguistically to develop an epistemological Fifth Space of cultural actualization beyond borders This book contextualizes their work with regard to events in Irish and diasporic history and considers these authors in relation to other more established counterparts such as W B Yeats P H Pearse James Joyce and Máirtín Ó Cadhain Exploring the intersections of postcolonial cultural geography transnational feminisms and various theologies Christin M Mulligan engages with media from the ninth century to present day and considers how these writer cartographers reshape Ireland both as real landscape and fantasy island traversed in order to negotiate place in terms of terrain and subjectivity both within and outside of history in the realm of desire **The Prose Writings of James Clarence Mangan** James Clarence Mangan,1904 **An Irish Literature Reader** Maureen O'Rourke Murphy,James MacKillop,2015-02-01 In a volume that has become a standard text in

forms that would reflect exactly the content of the poem The poets and poetry that have followed in the wake of the projectivist movement the Black Mountain group the New York School the San Francisco Renaissance and the Language poets have since been studied at length But more often than not they have been studied through the lens of continental theory with the effect that these high **Literature and the Irish Famine 1845-1919** Melissa Fegan,2002-08-08 The impact of the Irish famine of 1845 1852 was unparalleled in both political and psychological terms The effects of famine related mortality and emigration were devastating in the field of literature no less than in other areas In this incisive new study Melissa Fegan explores the famine s legacy to literature tracing it in the work of contemporary writers and their successors down to 1919 Dr Fegan examines both fiction and non fiction including journalism travel narratives and the Irish novels of Anthony Trollope She argues that an examination of famine literature that simply categorizes it as minor or views it only as a silence or an absence misses the very real contribution that it makes to our understanding of the period This is an important contribution to the study of Irish history and literature sharply illuminating contemporary Irish mentalities

Beckett and Nature Charles Clements,Eleanor Green,James Martell,2025-07-10 New analyses on the insightful ways in which Beckett s work actively engages with contested notions of Nature and the natural developing a radical version of modernism s main questions and insights Beckett and Nature takes its cue from contemporary developments in Beckett scholarship focused on ecocriticism posthumanism and the Anthropocene going beyond them into a questioning of the very concepts of Nature and the natural It examines one of the most unthought ontological dimensions of literature and life that symbolic space deemed natural or part of Nature appears necessary and undeniable and therefore impossible to be deconstructed In doing so the authors show that in fact this space takes on many shapes recognizing three natural dimensions criticized by Beckett bodies worlds and literatures Featuring a wide range of both Beckett s work and Beckett scholars including Jean Michel Rabat and Stanley E Gontarski Beckett and Nature offers contextualized readings of the understandings of nature and the natural throughout his decade spanning uvre The volume shows that part of the radicality of Beckett s writing is that through a variety of evolving techniques and strategies it questions what appears in our cultures as the most unquestionable and opens up possibilities for thinking not only what is human literature and philosophy but also gender identity and any attempt at definitions of ourselves or the world at large **Impenetrability** Robert Graves,1926

The Fortnightly ,1926 *Irish Gothics* Christina Morin,Niall Gillespie,2014-05-30 Scholarly interest in the Irish Gothic has grown at a rapid pace in recent years but the debate over exactly what constitutes this body of literature remains far from settled This collection of essays explores the rich complexities of the literary gothic in eighteenth and nineteenth century Ireland **The Speaker** ,1905
