 Open Organization Philip A. Foster, 2016-02-17 What is it that makes certain organizations more successful Organization  
 design and its management has long been the fixation of leaders and scholars alike Cracking the code to the perfect  
 organizational ecosystem appears to be the dividing line between great success and mediocrity The 21st century launched  
 with great volatility and a level of cultural and global diversity unknown by previous generations This instability demands  
 new approaches and methods for the delivery of products services and ideas We can no longer afford to run organizations  
 with 19th and 20th century ideas The pressures of shifting demographics culture and technology require new approaches to  
 organizational leadership and structures Welcome to the era of the Open Organization The Open Organization A New Era of  
 Leadership and Organizational Development by Dr Philip A Foster is divided into three distinct parts the first explores the  
 foundations of an Open Organization covering the evolution of leadership and organization theories from the beginning of  
 known time through to the 21st century the second discusses the elements of such an organization presenting the ecosystem

of an Open System with its structure culture and decision making functions while the third examines the 21st century organization questioning who should go Open and reviewing the reality of creating this type of organization understanding control and resistance and addressing the matter of bringing about change     *Books in Print Supplement ,2002*
