Ieb Economics Scope:

Diversity, 1989 *The Dynamics of Growth in Emerging Economies* Arzu Akkoyunlu Wigley, Selim Çağatay, 2018-12-19
How can Turkey increase its medium and long term growth potential Despite episodes of fast growth this has become a vital question for the Turkish economy in order to avoid being stuck in a middle income trap There has been an increase in the number of studies presenting growth in Turkey and quantifying the sources of economic growth however due to the difference in the main underlying assumptions and the time period covered in these studies the results differ The second strand of literature on growth in Turkey identifies the relative underperformance of the Turkish economy by developing models with microeconomic foundations Given the fact that there are a large number of studies investigating the macro dynamics of growth in Turkey the book s unique focus on the neglected issues in growth discussions closes the gap in the existing literature It addresses the micro macro regional and gender aspects the environment energy growth nexus as well as the microeconomic dynamics of growth It also analyses the other significant determinants of long run growth in Turkey such as import dependency and saving investment decision The authors provide a macro overview of all of the precluded subjects in order to evaluate them in relation to one other as well as to derive policy conclusions from them This book primarily targets academics as well as graduate and undergraduate social sciences and humanities students both in Turkey and other countries It is also a must read for researchers and policy makers not only in Turkey but also in other developing economies and is of interest to specialists of non governmental and non profit organizations Local Economic Initiatives Study Will Baker, John Mawson, 1985 Directory of Fellowship Awards Rockefeller Foundation, 1917 Officer's Report [to The] Annual Convention Newspaper Guild, 1984 **Directory of Fellowship Awards for the Years 1917-1950** Rockefeller Foundation, 1951 **The Politics of Place and the Limits of Redistribution** Melissa Ziegler Rogers, 2015-10-14
Numerous scholars have noticed that certain political institutions including federalism majoritarian electoral systems and presidentialism are linked to lower levels of income redistribution This book offers a political geography explanation for those observed patterns Each of these institutions is strongly shaped by geography and provides incentives for politicians to target their appeals and government resources to localities Territorialized institutions also shape citizens preferences in ways that can undermine the national coalition in favor of redistribution Moreover territorial institutions increase the number of veto points in which anti redistributive actors can constrain reform efforts These theoretical connections between the politics of place and redistributive outcomes are explored in theory empirical analysis and case studies of the USA Germany and Argentina *Ways out of the European Housing Crisis* Schmid, Christoph U., 2022-07-15 This timely book provides readers with a detailed comparative survey of tenure innovation and diversification in Europe Alternative and intermediate tenures i e housing options beyond tenancy and homeownership are examined as remedies to address the growing European housing crisis **The State of the Environment** Essam El-Hinnawi, Manzur H. Hashmi, 2015-12-04 The State of the Environment is

the annual report of the United Nations that contains the current state of the environment and the biosphere as well as certain important environmental issues The monograph also discusses social and economic issues and their implication to the environment The book covers environmental concerns air and atmospheric issues such as indoor air pollution changes in atmospheric ozone and the effects of carbon dioxide and other trace gases in the atmosphere issues related to land and water such as land and soil loss water quality and food production and power related issues such as energy production and consumption nuclear power and energy conservation Also included are other issues such as chemical wastes and other harmful substances diseases such as malaria and cancer and the effects of population on the environment The text is recommended for environmentalists and scientists who would like to know more about the issues related to the environment
