

# Kaiser Wilhelm II Pro In Power

**Richard J. Evans**

## **Kaiser Wilhelm II Pro In Power:**

Steamship and Other Power Vessels ,1901      **Crucible of Power** Howard Jones,2008-03-20 This book is a narrative history of America s foreign affairs from 1897 to the present that focuses on the major personalities and events from the William McKinley administration through President George W Bush      *Marine Engineer and Motorship Builder* ,1907

**The Kingdom and the Power** Gay Talese,2013-08-14 Beautifully documented no less than a landmark in the field of writing and journalism The Nation Fascinating Seldom has anyone been so successful in making a newspaper come alive as a human institution The New York Times In this century and the last most of history s important news stories have been broken to a waiting nation by The New York Times In The Kingdom and the Power former Times correspondent and bestselling author Gay Talese lays bare the secret internal intrigues at the daily revealing the stories behind the personalities rivalries and scopes at the most influential paper in the world In gripping detail Talese examines the private and public lives of the famed Ochs family along with their direct descendants the Sulzbergers and their hobnobbing with presidents kings ambassadors and cabinet members the vicious struggles for power and control at the paper and the amazing story of how a bankrupt newspaper turned itself around and grew to Olympian heights Regarded as a classic piece of journalism The Kingdom and the Power is as gripping as a work of fiction and as relevant as today s headlines Praise for The Kingdom and the Power I know of no book about a great institution which is so detailed so intensely personalized or so dramatized as this volume about The New York Times The Christian Science Monitor A serious and important account of one of the few genuinely powerful institutions in our society The New Leader A superb study of people and power Women s Wear Daily

*Kaiser Wilhelm II* Christopher Clark,2013-09-13 Kaiser Wilhelm II is one of the key figures in the history of twentieth century Europe King of Prussia and German Emperor from 1888 to the collapse of Germany in 1918 and a crucial player in the events that led to the outbreak of World War I Following Kaiser Wilhelm s political career from his youth at the Hohenzollern court through the turbulent peacetime decades of the Wilhelmine era into global war and exile the book presents a new interpretation of this controversial monarch and assesses the impact on Germany of his forty year reign      A Pacific Power Matthew P. Fitzpatrick,2025-05-19 Before the First World War Germany was a global empire with colonies in Africa Asia and the Pacific Annexed to this empire in 1900 was Samoa a thriving Polynesian trading hub which had previously been the site of conflict between Britain Germany and the United States A Pacific Power brings to light an often overlooked history of German imperialism in the Pacific Focusing on Samoa it shows the tension between German rulers and Samoan subjects as well as the variety of ways the Germans sought to reshape the colony according to their own requirements It looks at how Samoa became a colonial site that brought Germany into conflict not only with Britain and the United States but also China New Zealand and the Vatican At the same time it uncovers the social and cultural experiments of a colony that treated matters of sexuality race and religion in often unexpected ways Through a study of colonial conflicts and crises A

Pacific Power brings to light Germany's strategies of imperial rule and Samoan methods of resisting and co-opting German institutions. It investigates how German rule transformed Samoa and altered German culture and politics. It shows how Samoa brought Germany into conflict not only with Britain and the United States but also China, New Zealand and the Vatican. Laying bare the exploitative and racist nature of German colonial labour practices, it also uncovers the surprising social and cultural experiments of a colony that treated matters of sexuality, race and religion in often unexpected ways. Through careful attention to archival sources and the personal recollections of those who colonised Samoa and those who were colonised, Matthew P. Fitzpatrick reorients German imperial history towards Polynesia, emphasising the too often overlooked importance of the Pacific to German attempts to globalise their economy, culture and military reach. *Rise to World Power* David R. Contosta, Jessica R. Hawthorne, 1986. This selection of letters derives from the microfilm ed. of the Whitelaw Reid Papers on deposit at the Library of Congress. The editors used four broad criteria for selecting letters: 1 those that illuminate the conduct; 2 those that reveal Reid's own role in the direction of foreign policy; 3 those that demonstrate Reid's attempts to measure or to manipulate public opinion in foreign affairs; 4 those that demonstrate Reid's attempts to measure or to manipulate public opinion in foreign affairs. *Prelude to Empire: War, Anglo-American Friendship, The Impending Storm* Glossary of Names **Wilhelm II and the Germans** Thomas A. Kohut, 1991-08-01. This book explores the personification inherent in the notion of Wilhelminian Germany by investigating the psychological dimension of Wilhelm II's leadership of the Germans. Despite his historical reputation, many Germans welcomed the Kaiser's leadership. The years between 1890 and 1914 were known as the Wilhelminian era in Germany, and even critics of Wilhelm II thought it somehow fitting that he should be the German emperor. The author argues that Wilhelm II's personal needs and the needs of Germans in an age of intense nationalism made him the symbol of the nation. **The Pursuit of Power** Richard J. Evans, 2016-11-29. An Economist Best Book of the Year. Sweeping and ambitious synthesis. Evans writes with admirable narrative power and possesses a wonderful eye for local color. Fascinating. Stephen Schuker, The Wall Street Journal. From the bestselling author of *The Third Reich at War*, a masterly account of Europe in the age of its global hegemony, the latest volume in the Penguin History of Europe series. Richard J. Evans, bestselling historian of Nazi Germany, returns with a monumental new addition to the acclaimed Penguin History of Europe series, covering the period from the fall of Napoleon to the outbreak of World War I. Evans's gripping narrative ranges across a century of social and national conflicts, from the revolutions of 1830 and 1848 to the unification of both Germany and Italy, from the Russo-Turkish wars to the Balkan upheavals that brought this era of relative peace and growing prosperity to an end. Among the great themes it discusses are the decline of religious belief and the rise of secular science and medicine, the journey of art, music and literature from Romanticism to Modernism, the replacement of old regime punishments by the modern prison, the end of aristocratic domination and the emergence of industrial society, and the dramatic struggle of feminists for women's equality and emancipation. Uniting the era's broad-ranging transformations was the pursuit of power in all segments of life, from the banker striving for economic power to the

serf seeking to escape the power of his landlord from the engineer asserting society's power over the environment to the psychiatrist attempting to exert science's power over human nature itself The first single volume history of the century this comprehensive and sweeping account gives the reader a magnificently human picture of Europe in the age when it dominated the rest of the globe     **Current Literature** ,1903
