Sawing Fallen Logs For Ladybird Houses Dave Lewis,2011-04-03 Praise for Sawing Fallen Logs From the first eponymously titled poem we realise that Dave Lewis s work possesses an energy and freshness that lifts his imagery and empathy way above the work of many less ambitious poets The element of surprise in each poem however short is even more startling coming as it does from such uncluttered writing Last lines are an example while phrases such as trees as tall as ships a severe lack of hares the brittle grass of misunderstanding will surely enhance the readers own perceptions of the world around them This collection s structure too works well under its five separate headings and the diverse forms used in several poems adds visual variety A wonderful read Buy it Sally Spedding Dave Lewis is a vital voice of the Valleys in touch with both the streets and the natural world His free flowing verse
