Consultants and Consultancy: the Case of Education Helen M. Gunter,Colin Mills,2017-02-27 This book is a comprehensive study into and about consultants doing consultancy and having influence in ways that generate concerns about an emerging consultocracy with privileged access to governments and public services It presents a detailed mapping of consultants and consultancy in education as a site of change and modernisation in public sector service provision It considers consultancy at a macro level of globalised policy at a meso level of national government policy and at a micro level with vivid descriptions and analyses of consultants at work The rapid rise of edubusinesses combined with the restructuring of public services in western style democracies has generated new types of knowledge actors within education policy Three main developments that have led to this change are the entry of education policy and service consultants from within major companies into the public education market place the emergence of celebrity entrepreneurial actors and private businesses who make interventions into Universities and schools and the rapid growth of small businesses based on individuals who have relocated their work from the public to the private sector Such knowledge actors and the complexities they bring to public education are as yet under described and largely un theorized Based on current research and drawing upon a range of theoretical tools this book fills the gap Gunter and Mills provide an invaluable contribution to scholarship on the neoliberal restructuring of public education by mapping and analyzing the under examined yet central role of corporate education consultants Their thoughtful and thorough discussion expands our understanding of how consultants promote and trade in the ideologies of corporate culture Gunter and Mills show how consultants are integral to both knowledge making practices in schools and a radical reform agenda for schools in the UK and around the globe This is an accessible and important volume for not just policy and politics scholars but anyone concerned about defending public forms of education and associated living at a moment when they are increasingly being positioned for pillage by profiteers Kenneth J Saltman University of Massachusetts Dartmouth USA

State of Primary Education in Bhutan Gembo Tshering,2025-04-30 Discover how Bhutan s unique cultural values and aspirations shape its education system in this edited volume This comprehensive book explores the multifaceted nature of Bhutan s primary education examining critical areas such as purpose and values curriculum design assessment strategies and the roles of diversity and inclusion It addresses vital topics like teacher development parental involvement and the impact of governance and funding on educational quality The research reveals that Bhutan s educational framework uniquely aligns with its cultural ethos emphasizing holistic development over

conventional success metrics The chapters thoroughly analyze the current landscape of primary education in Bhutan and outline contributions from various stakeholders as well as serving as a roadmap for a future where research and data driven innovations drive educational improvements Revealing the intricate relationship between context and learning the volume offers a fresh perspective on how Bhutan navigates its primary education landscape and is a must read for anyone interested in innovative approaches to education Readers will learn how Bhutan strives to foster well rounded individuals prepared to thrive in an increasingly complex world It provides invaluable guidance for educators policymakers and stakeholders seeking to enhance primary education

The School Librarian ,2003 **Developing Creativity In The Primary School** Jesson, Jill,2012-09-01 This informative book brings together theory research and practice examples of creativity in primary schools providing a scholarly yet accessible introduction The book offers an overview for teachers looking for a concise guide to current thinking about creativity particularly if your school is thinking of introducing or extending its practice The book considers recent developments in the creative curriculum and techniques embedded in approaches such as Philosophy for Children Mantle of the Expert and Enterprise Education Ideas for personalising teaching and creating independent and motivated learners are incorporated Other key features of the book include Examination of the major theories of creativity How to develop your own creativity as a teacher Focus on the difference between developing group and individual creativity Innovative ideas for creativity in subject teaching Practical examples and Creative Challenges throughout The book draws on the author s many years of experience of working with children in schools working on Creative Partnerships and Higher Education in the Arts HEARTS projects and ideas developed through working in initial teacher training This book is essential reading for students in the early stages of their teacher training course as well as for practising teachers looking for innovative ideas and guidance on developing creativity in themselves and their classrooms This is an interesting book which explores theory practice and policy of creativity in the primary classroom Jill Jesson links five key creative behaviours drawn together initially by then policymakers QCA with what she identifies as six areas of creative endeavour Primary teachers committed to developing a creative curriculum will find much material in this lively book that supports their personal and professional creativity as well as suggestions for classroom practice in developing individual and group work Professor Anna Craft University of Exeter and The Open University UK This is a compulsory read for all those interested in developing the creative potential of young people in primary schools It includes a useful overview of previous thinking on creativity and makes a convincing case for its importance across the curriculum Above all this book is jam packed with practical ideas Whether you are interested in creative approaches to maths or modern languages developing group or personal creativity or the challenges of assessing creative endeavour you will find a host of strategies that have been tried and tested in the classroom Hilary Hodgson Director Ormiston Trust Parliamentary Debates (Hansard).
