Bruce Lee The Tao of Gung Fu Bruce Lee,2015-09-08 In the months leading up to his death Bruce Lee was working on this definitive study of the Chinese martial arts collectively known as Kung Fu or Gung Fu This book has now been edited and is published here for the first time in its entirety Bruce Lee totally revolutionized the practice of martial arts and brought them into the modern world by promoting the idea that students have the right to pick and choose those techniques and training regimens which suit their own personal needs and fighting styles He developed a new style of his own called Jeet Kune Do combining many elements from different masters and different traditions This was considered heretical at the time within martial arts circles where one was expected to study with only a single master and Lee was the first martial artist to

attempt this Today he is revered as the father of martial arts practice around the world including Mixed Martial Arts In addition to presenting the fundamental techniques mindset and training methods of traditional Chinese martial arts this martial art treatise explores such esoteric topics as Taoism and Zen as applied to Gung Fu Eastern and Western fitness regimens and self defense techniques Also included is a Gung Fu scrapbook of Bruce Lee s own personal anecdotes regarding the history and traditions of the martial arts of China After Lee s death his manuscript was completed and edited by martial arts expert John Little in cooperation with the Bruce Lee Estate This book features an introduction by his wife Linda Lee Cadwell and a foreword from his close friend and student Taky Kimura This Bruce Lee Book is part of the Bruce Lee Library which also features Bruce Lee Striking Thoughts Bruce Lee The Celebrated Life of the Golden Dragon Bruce Lee Artist of Life Bruce Lee Letters of the Dragon Bruce Lee The Art of Expressing the Human Body Bruce Lee Jeet Kune Do
