Humanities ,1993 **Life and Mortality in Ugaritic** Matthew McAfee,2019-06-07 While topics such as death funerary cult and the netherworld have received considerable scholarly attention in the context of the Ugaritic textual corpus the related concept of life has been relatively neglected Life and Mortality in Ugaritic takes as its premise that one cannot grasp the significance of mwt to die without first having wrestled with the concept of yy to live In this book Matthew McAfee takes a lexical approach to the study of life and death in the Ugaritic textual corpus He identifies and analyzes the Ugaritic terms most commonly used to talk about life and mortality in order to construct a more representative framework of the ancient perspective on these topics and he concludes by synthesizing the results of this lexical study into a broader literary discussion that considers among other things the implications for our understanding of the first millennium Katumuwa stele from Zincirli McAfee s study complements previous scholarly work in this area which has tended to rely on conceptual and theoretical treatment of mortality and advances the discussion by providing a more focused lexical analysis of the Ugaritic terms in question It will be of interest to Semitic scholars and those who study Ugaritic in particular in addition to students of the culture of the ancient Levant *Catalog of Copyright Entries.
