From College to University Marwan Iskandar, 2020-07-22 Through wars the collapse of empires changing views on the role of women in society economic crises and more Lebanese American University has persevered for almost 200 years From the first school for girls in the Ottoman Empire to an internationally ranked co ed university serving over 8500 students what is now Lebanese American University has experienced the excitement and challenges of a dynamic yet tumultuous region First known as the American Junior College for Women the institution moved through many iterations before becoming a full fledged university in the 1980s Bringing together the best in American style higher education with a commitment to its Arab heritage the multi campus university champions the development of the whole person to be active citizens in the building of their communities and nations Today LAU produces cutting edge research while innovating teaching across the disciplines and remaining a force in the creative arts Iskandar's book chronicles the highs and lows of a historic institution that has had an outsized impact on the people and development of Lebanon the Arab World and beyond Drawing on personal recollections geopolitical analysis and institutional history *From College to University The Meteoric Rise of LAU* is a gripping account of how a commitment to the importance of broadly educated women and men to become the leaders of tomorrow can and indeed does make a difference

Coaching Winning Model United Nations Teams Edward Mickolus, Joseph Brannan, 2013-07-31 By some counts Model United Nations MUN has become the single most popular extracurricular academic activity among high school students More than two million high school and college students have assumed the roles of ambassador from real United Nations member countries participated in spirited debate about the world's most pressing issues and called Point of order Mr Chairman Now in *Coaching Winning Model United Nations Teams* Edward Mickolus and Joseph Brannan give MUN teachers and coaches the information they need to succeed In this informative volume the authors MUN coaches themselves provide detailed guidance for each step of the MUN path from the first meeting in the teacher's classroom to the final days of an official MUN conference Coaches will learn about the ins and outs of parliamentary procedure and the most effective ways to help their students draft position papers and resolutions Most important Mickolus and Brannan illustrate the many ways that teachers can inspire their students to take an active role in making the world a better place By the time their students move on MUN coaches will have instilled in them such important qualities as empathy self confidence and grace under pressure *Coaching Model United Nations Teams* is a fun useful guide for teachers and coaches who are working to help develop tomorrow's leaders today

From Village to Presidential Suite Joseph Jabbra, 2022-03-22 I did not intend to write a scholarly book for I did not want to intellectualize my life Nor did I wish to romanticize it I wanted to describe it as I lived it with emphasis on people I wanted to express in this book the joy I experienced in giving generously of myself my time and my modest material possessions to make others happy and to share the many gifts of life I wanted also to share with those who aspire to become academic leaders the myriad lessons my

upbringing education and professional life have taught me I thought they might find these lessons learned useful as they strive for successful careers and more importantly for rewarding personal and professional lives Again this book is a story the story of my life wherein the personal and the professional have intermingled and strengthened each other making a better whole of my person personality aspirations and talents This unique alliance between the professional and the personal dimensions of my life I am happy to say always triumphed and accounted for the successes that so many good people helped me achieve Without the guidance advice cooperation and support of others I am sure my life would not have been as fulfilling Dr Jabbra did govern this impossible republic delivering transformative change to LAU in the process Dr Jabbra restored our mission Philip Stoltzfus Chairman LAU Board of Trustees How does one know one has lived a full life This is a question that preoccupies all of us at one time or another but at a simple level we can say through the evidence of our actions and our relationships with others The pages of this memoir bear witness to Dr Jabbra s achievements from his successful terms as Provost at St Mary s and Loyola Marymount to his crowning moment as President of LAU But much of the magic of this book lies in its descriptions of his friendships and interactions throughout his life from the early days in his family village of al Firzul to his school experiences at Harissa and St Joseph and the eventual passage to the United States armed with Arabic French Latin and Greek but no English Then on to his life in America and Canada and the rich relationships he formed with so many in that extraordinary phenomenon that is the Lebanese diaspora After seeing an early draft of this memoir I urged Dr Jabbra to relate the day to day experiences he had in running LAU in the semichaotic atmosphere that prevails even in the best of times in Lebanon I knew how vivid some of these moments were having shared many with him and he has captured that time beautifully although I wish he had included a particularly hairy moment he and I once had from which we were fortunate to emerge unscathed Philip Stoltzfus Chairman LAU Board of Trustees September 2021 My tamed ego was my friend and not my enemy my wise advisor but not my dictator Forgiveness instead of retaliation was my motto Integrity and the highest ethical standards defeated hands down my detractors at the governing boards of any institution I served My leveling with people working together with them and my honesty were invincible weapons and very difficult to resist or defeat The realization on the part of the three university families I served in Canada the United States and Lebanon that I had a unique combination of genuine caring for people and a will of steel to defend the institution I was working for against any abuse won me the people s respect not their fear their genuine affection and trust And this is something that I will cherish for the rest of my life My transformative tenures at SMU LMU and LAU were strengthened by their remarkable families They believed in the mission of their respective universities they pulled ranks together and together they transformed them from ordinary colleges to major forces in higher education and they did it with indomitable drive exemplary grace unique pride and contagious passion Dr Joseph Jabbra From Village to Presidential Suite My Life s Journey 2022 pg 687 In Conclusions and Lessons learned Beirut Hachette Antoine **Guided Inquiry Design® in Action** Leslie K.

Maniotes,2016-12-05 Edited by the cocreator of the Guided Inquiry Design GID framework as well as an educator speaker and international consultant on the topic this book explains the nuances of GID in the high school context It also addresses background research and explains guided inquiry and the information search process Today s students need to be able to think creatively to solve problems They need to be in learning environments that incorporate collaboration discussion and genuine reflection to acquire these kinds of real world skills Guided Inquiry Design in Action High School gives teachers and librarians lesson plans created within the proven GID framework specifically designed for high school students and provides the supporting information and guidance to use these lesson plans successfully You ll find the lesson plans and complete units of Guided Inquiry Design clear and easy to implement and integrate into your existing curriculum in all areas from science to humanities to social studies These teaching materials are accompanied by explanations of critical subjects such as the GID framework using Guided Inquiry as the basis for personalized learning using inquiry tools for assessment of learning in high school and applying teaching strategies that increase student investment and foster critical thinking and deeper learning
