marvellous insight into the morality and amorality of entire societies In other words the meaning of the world and thus of our own lives remains among philosophers a topic of great controversy One thing though is sure each of these five thinkers struck from his own perspective one brilliant spark out of that complex crystal that is the truth Irish Eloquence A member of the bar.1857 Librum amici et amati. English. Johnston Ramon Llull, 1995 Ramon LLull 1232 1316 was born the son of a prosperous Catalan merchant and spent his youth pursuing worldly pursuits until a series of powerful visions of Christ moved him to devote his life entirely to serving God One of his lifelong ambitions was to write a book to counter the errors of the infidels to which end he studied Arabic and immersed himself in whatever arabic texts he could obtain The Book of the Lover is one of the most celebrated works of medieval mystical literature offering a uniquely expressed and moving testimony to the soul's quest for union with God The 365 paragraphs of moral metaphors intended for daily meditation are written in the style of the Muslim sufis who offer words of love and brief exampla that inspire great devotion Professor Johnston concisely explains the peculiarities of Llull s idiosyncratic theological and philosophical system and offers the most comprehensive assessment to date of his debt to the Islamic tradition of devotional discourse In addition brief notes help to guide the reader's appreciation of the spiritual insight that Llull sought to stimulate with his text Contains original Latin and Catalan text translation and commentary The Conference of the Tongues Theo Hermans, 2014-06-03 The Conference of the Tongues offers a series of startling reflections on fundamental guestions of translation It throws new light on familiar problems and opens up some radically different avenues of thought It engages with value conflicts in translation and the social accountability of translators and turns the old issue of equivalence inside out Drawing on a wealth of contemporary and historical examples the book teases out the translator's subject position in translations makes notions of intertextuality and irony serviceable for translation studies tries to think translation without transformation and uses a controversial sociological model to cast a cold eye on the entire world of translating This is a highly interdisciplinary study that remains aware of the importance of theoretical paradigms as it brings concepts from international law social systems theory and even theology to bear on translation Self reference is a recurrent theme The book invites us to read translations for what they can tell us about translating and about translators own perceptions of their role The argument throughout is for more self reflexive translation studies The Power of Eloquence and English Renaissance Literature Neil Rhodes, 1992-10-15 This book is an ambitious critical investigation of the idea of eloquence as it informs classical and Renaissance thinking about literature Monthly Packet of Evening Readings for Members of the English Church (earlier "for Younger Members of the English Church"), 1875 Worship Sound Spaces Christine Guillebaud, Catherine Lavandier, 2019-11-18 Worship Sound Spaces unites specialists from architecture acoustic engineering and the social sciences to encourage closer analysis of the sound environments within places of worship Gathering a wide range of case studies set in Europe Asia North America the Middle East and Africa the book presents investigations into Muslim Christian
