With all its plans and parts, Medicare looks like alphabet soup, and choosing a Medicare plan is like trying to order from a hundred-page restaurant menu. You are given a gamut of options ranging from Parts A through D to Medicare Advantage to Supplements. How can anyone decide what is best? Well, when you don't know which entrance to choose at Chef M's, what is sriracha aioli? Will I like a deckle steak? You ask your server for recommendations. When you need to make the best choice for your healthcare, ask Professor Medicare. After seeing thousands of seniors over the past ten years, we have put together a simple process that helps clients understand Medicare so they can make the best choice for their needs. Here are the questions: 1. When do I enroll in Medicare? 2. Do I stick with Original Medicare A and B? 3. Do I choose a Medicare Advantage plan with or without a drug plan? 4. Do I choose a Medicare Supplement and get a stand-alone drug plan? After you have answered those questions, we help you order from the Medicare menu. As independent insurance brokers, we compare all the top Medicare Advantage, Medicare Supplement, and Part D plans. We find the one that matches your healthcare needs and financial situation. And we make sure you understand what your coverage will protect, how much it will cost, and how to use it. In Professor Medicare's Easy Guide to Medicare, we have gathered all our best professional advice, our clearest translations, and our proven step-by-step system into a single Medicare resource. Instead of searching online for answers or waiting for hours on the phone, you'll find answers to all your questions in your own home at your own pace.
