Malloy,Alexander Osipov,Balázs Vizi,2015-07-23 Non territorial autonomy NTA is a statecraft tool that is increasingly gaining importance in societies seeking to accommodate demands by ethno cultural groups for a voice in cultural affairs important to the protection and preservation of their identity such as language education and religion As states recognize the specific rights of identity minorities in multicultural and multi ethnic societies they are faced with a need to improve their diversity management regimes NTA offers policy makers a range of options for institutional design adaptable to specific circumstances and historical legacies It devolves degrees of power through legal frameworks and institutions in specific areas of ethno cultural life while maintaining social unity at the core level of society Throughout Europe and North America NTA exists and is implemented at a state regional and local level Much has been written about the concept of autonomy and its usage as a statecraft tool in states facing regional division but little literature addresses its non territorial institutional and public administration functions This edited volume seeks to fill this gap
