

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

The Spirit of the English Magazines ,1900 **English - A Changing Medium for Education** Constant Leung, Brian V Street, 2012-07-25 In this volume a range of authors from different international contexts argue that the notion of communicative competence in English hitherto largely referenced to metropolitan native speaker norms has to be expanded to take account of diverse contexts of use for a variety of purposes It also discusses the popular belief that language and literacy should simply be regarded as a technical skill which confers universal benefits and that it should be replaced with a social practice view that recognises situated variations and diversity This volume we believe provides a reference point for extended research and practice in these areas that will be of interest to wide range of people engaged in language and literacy education
