

No two families are the same, so we've created four different floor plans from which you can choose.

The best idea is to select the layout that satisfies your needs, then decide which interior decor best suits your

taste. Here, then, are the four basic floor plans:

This basic floor plan sleeps six and is noted for its versatility. The living area has a dinette which converts into a double bed, plus a daynport that quickly becomes a pair of bunk beds. Side facing settees in the rear also convert to a double bed.

If you prefer added lounging comfort to sleeping capacity, you can replace the living area daynport with a pair of comfortable swivel chairs. This plan sleeps four.
