BTU - The real difference between small, medium, and large window units is the BTU. If you notice, when purchasing an AC they give you the square footage covered, which is based directly off of the BTU. Here are some estimates on large, medium, and small units in terms of their BTU for your reference:

\$ - The above estimates are based off of an energy rate of \$0.14/kWh, and the unit is run for 16 hours/day during the months between April and September:
