Theological Ethics in a Neoliberal Age Kevin Hargaden, 2018-10-31 Throughout his ministry Jesus spoke frequently and unabashedly on the now taboo subject of money With nothing good to say to the rich the New Testament indeed the entire Bible is far from positive towards the topic of personal wealth And yet we all seek material prosperity and comfort How are Christians to square the words of their savior with the balances of their bank accounts or more accurately with their unquenchable desire for financial security While the church has developed diverse responses to the problems of poverty it is often silent on what seems almost as straightforward a biblical principle that wealth too is a problem By considering the particular context of the recent economic history of Ireland this book explores how the parables of Jesus can be the key to unlocking what it might mean to follow Christ as wealthy people without diluting our dilemma or denying the tension Through an engagement with

contemporary economic and political thought aided by the work of Karl Barth and William T Cavanaugh this book represents a unique and innovative intervention to a discussion that applies to every Christian in the Western world The Irish Digest,1961 The Constant Economy Zac Goldsmith,2010-09-01 STRONGA timely inspiring manifesto combining the power of markets with the will of people to effect change for the ultimate survival of the planet Since the industrial revolution the economies of developed nations have grown at the expense of the natural world but the earth s resources are finite climate change threatens to dramatically transform how and where people live and the global economic system is in disarray Offering an urgently needed alternative model this book argues for the creation of a constant economy in which resources are valued not wasted food is grown sustainably and goods are built to last The constant economy operates at the human scale and above all it recognizes nature s limits This book explains that almost every action needed to support the environment is already being carried out somewhere in the world by companies communities and governments determined to blaze a trail Where they have done the right thing their customers and voters have rewarded them Practical solutions exist and they are brought together and set out in this groundbreaking book *A hand book for travellers in Ireland* James Fraser (of Dublin.),1854 **A Hand Book for Travellers in Ireland ... corrected and enlarged** James Fraser,1854 *Hand Book for Travellers in Ireland* James Fraser,1854 *Globalization, Migration and Social Transformation* Bryan Fanning,Ronaldo Munck,2016-04-22 In the space of around ten years Ireland went from being a traditional labour exporter to a leading European economy and thus an attractive destination for immigrants from Eastern Europe and further afield This produced a singular social laboratory which this book explores in all its complexity set against the backdrop of globalization Until recently seen as a showcase for the success of globalization Ireland also became a destination for those displaced by the effects of globalization elsewhere Globalization Migration and Social Transformation takes Ireland as a paradigmatic case of social transformation exploring the reasons why emigration was so rapidly replaced by immigration along with the social political cultural and economic effects of this shift Presenting the latest research around the themes of identity social transformations and EU and Irish politics and policy this book offers a rich array of detailed empirical case studies drawn from Ireland which shed light on the experiences of immigrant groups from around the world and the wider processes of social transformation In addition it examines the manner in which the Irish state and the broader political system relate to new migrants and vice versa thus advancing our comparative understanding of how the European Union is responding to the challenge of mass migration Globalization Migration and Social Transformation makes a strong contribution to the comparative literature on immigration and integration diaspora and social transformation in the era of globalization and as such it will appeal to social scientists with interests in migration race and ethnicity globalization and Irish studies
