1. Introduction

- 1.1 Many have doubts about online education as an alternative to traditional one.
- 1.2 But there is evidence that it is more cost-efficient.
- 1.3 **Thesis statement:** Online education is more effective for common students, especially those who work part-time.

2. Arguments

- 2.1 Online education is more affordable which matters a lot for people without high income.
- 2.2 Students who study online save time for commuting, which is important for those who work part-time.

3. Counterarguments

- 3.1 The quality of online education is poor because live interaction with tutors is very important.
- 3.2 **Rebuttal:** studies show that differences between careers of both student types are not that significant.

4. Conclusion

- 4.1 As shown by the affordability and the time-saving arguments, online education is much more effective for most students.
- 4.2 Even taking the question of quality into account, the cost-efficiency of online education outweighs the negative effect of its lower quality.
- 4.3 Therefore, the thesis statement is maintained.
