

DURABLE PERFORMANCE WITH HIGH-END CAPABILITIES

A new level of excellence so your business runs efficiently and effectively

PRODUCE HIGH-QUALITY OUTPUT

The imageRUNNER 1025 Series models copy and print at speeds of up to 25 pages per minute (letter). And with Canon's acclaimed image quality—at enhanced 1200 x 600 dpi print resolution—you get crisp-looking, detailed documents. With standard automatic duplexing, you can save time and reduce paper costs by producing two-sided output without manual intervention. Built to increase efficiency in every task, you can use the legal-sized platen glass for scanning single-page originals or leverage the 50-sheet Duplexing Automatic Document Feeder (imageRUNNER 1025N/1025iF models only) for quick handling of multipage originals.

For uninterrupted productivity, the imageRUNNER 1025 Series comes standard with a 500-sheet user-adjustable paper cassette that supports up to legal-sized paper and a 100-sheet Stack Bypass that's ideal for handling various media types for special projects. Busy workgroups will appreciate the ability to add an additional 500-sheet paper cassette to boost total online paper capacity up to 1,100 sheets. A fully integrated output tray helps save space and neatly stacks output for fast distribution.

User-Friendly Control Panel

You can access a host of image and document manipulation features directly through the system's user-friendly control panel or intuitively designed device drivers and utilities from a desktop. For printing applications, Canon provides its innovative Ultra Fast Rendering (UFR II LT) printing technology as standard for fast document processing. And there's optional support for popular PCL 5e/6 page description languages as well.

Plug-and-play connectivity is provided via a standard USB 2.0 Hi-Speed interface for optimal performance. Best of all, each model can be fully networked so you can extend system capabilities to multiple users (optional for the Canon imageRUNNER 1025 model).

Integrated Output Tray

Expandable Paper Supply

Duplexing Automatic Document Feeder
