

Nursing Home Incident Reporting

This manual is available to all skilled nursing facility staff responsible for reporting alleged violations of mistreatment, neglect and abuse, including injuries of unknown source and misappropriation of resident property, to the New York State Department of Health (NYS DOH). The manual is intended to provide clarification and guidance on what incidents are reportable and how they should be reported.

Nothing in this manual affects the requirement for facilities to report emergencies and disasters to the New York State Watch Center operated by the New York State Office of Emergency Management: <http://www.dhSES.ny.gov/oem/>.

Reporting Requirements

In December 2004, the Centers for Medicare and Medicaid Services (CMS) issued [clarification](#) on facilities' obligations to report allegations and results of the investigation of alleged violations involving mistreatment, neglect or abuse, including injuries of unknown origin and misappropriation of resident property. Federal ([42 CFR 483.13](#)) and State ([10 NYCRR 415.4](#)) regulations require the facility to report alleged violations of mistreatment, neglect and abuse, including injuries of unknown origin and misappropriation of resident property, **immediately** to the administrator of the facility and to other officials in accordance with State law (i.e., the NYS DOH). Per CMS, "immediately" means as soon as possible, but not to exceed **24 hours** after discovery of the incident ([State Operations Manual, Appendix PP, Interpretive Guidelines, Section 483.13\(c\)\(2\) and \(4\)](#)). The facility must simultaneously initiate an investigation and prevent further potential abuse while the investigation is in progress. The results of all investigations must be reported to the facility administrator and the NYS DOH, if requested, within **five working days** of the incident. If the alleged violation is verified, appropriate corrective action must be taken. Information from the investigation must be maintained in the facility.

The Elder Justice Act (under [Section 1150B of the Social Security Act](#), as established by Section 6703(b)(3) of the Patient Protection and Affordable Care Act of 2010) requires specific individuals in applicable long-term care facilities (nursing homes, etc.) to report any reasonable suspicion of a crime against a resident of the facility to at least one local law enforcement agency of jurisdiction and the NYS DOH. Affected individuals include the owner, operator, employee, manager, agent or contractor of the facility. The New York State Attorney General's Office, Medicaid Fraud Control Unit has jurisdiction to safeguard elderly and disabled New Yorkers from abuse and neglect in nursing homes and other health care facilities, and qualifies as a local law enforcement agency for this purpose.
