Journeys Into The Bright World:

Dematerialized Joseph DiSomma ,Marina DiSomma,2021-11-02 On a bitterly cold night in January of 1979 the heiress to the Sheraton Hotel fortune vanished without a trace This is the true story of Marcia Moore daring author yoga teacher astrologer and occultist She experimented with the psychotropic anesthetic ketamine in the same vein as Timothy Leary s consciousness expanding research with LSD Her interest in psychedelics has only added to the wild theories about Moore s mysterious death in the four decades since Psychics astrologers and armchair sleuths have all had their say Now it s time to set the record straight In 1980 famous true crime author Ann Rule referred to Marcia s disappearance as probably the strangest case I have ever written about One day there may be answers After years of painstaking research this book reveals those answers about a case as multifaceted and intriguing as the woman who perished so tragically This is the story of a bold woman raised well to do and just a stone s throw from Walden Pond who took the road less traveled and paid for it with her life *Without Pity* Ann Rule,2003-12 A collection of true crime tales selected from the author s Crime Files series is accompanied by three new cases that chronicle the crimes of seemingly ordinary men possessing a twisted obsession with violence and death Wonder Boy Angel Au-Yeung,David Jeans,2023-04-25 A Financial Times best business book of 2023 In 1998 at the age of 24 Tony Hsieh sold his first company to Microsoft for 265 million In 2009 at the age of 35 he sold his e commerce company Zappos to Amazon for 1 2 billion In 2020 at the age of 46 he died Tony Hsieh revolutionized both the tech world and corporate culture He was a business visionary He was also a man in search of happiness So why did it all go so wrong Tony Hsieh s first successful venture was in middle school selling personalized buttons At Harvard he made a profit compiling and selling study guides From there he went on to build the billion dollar online shoe empire of Zappos The secret to his success Making his employees happy At its peak Zappos s employee friendly culture was so famous across the tech industry that it inspired copycats and earned a cult following Then Hsieh moved the Zappos headquarters to Las Vegas where he personally funded a nine figure campaign to revitalize the city s historic downtown area But as Hsieh fell deeper into his struggles with mental health and drug addiction the people making up his inner circle began changing from friends to enablers Drawing on hundreds of interviews with a wide range of people whose lives Hsieh touched journalists Angel Au Yeung and David Jeans craft a rich portrait of a man who was plagued by his eternal search for happiness and ultimately succumbed to his own demons Near-Death Experiences Ornella Corazza,2008-06-30 Near death experiences fascinate everyone from theologians to sociologists and neuroscientists This groundbreaking book introduces the phenomenon of NDEs their personal impact and the dominant scientific explanations Taking a strikingly original cross cultural approach and incorporating new medical research it combines new theories of mind and body with contemporary research into how the brain functions Ornella Corazza analyses dualist models of mind and body discussing the main features of NDEs as reported by many people who have experienced them She studies the use of ketamine to reveal how characteristics of NDEs can be

chemically induced without being close to death This evidence challenges the conventional survivalist hypothesis according to which the near death experience is a proof of the existence of an afterlife This remarkable book concludes that we need to move towards a more integrated view of embodiment in order to understand what human life is and also what it can be

Ornella Corazza is a NDE researcher at the School of Oriental and African Studies SOAS University of London In 2004 5 she was a Member of the 21st Century Centre of Excellence COE Program on the Construction of Death and Life Studies at the University of Tokyo
