50 Fantastic Ideas for Making Music Judith Harries, 2021-08-05 The 50 Fantastic Ideas series is packed full of fun original skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. Music is key to early childhood development and contributes to socialisation, speaking, motor skills and more. 50 Fantastic Ideas for Making Music is packed full of fun and accessible ideas for singing, creating instruments from recycled materials, exploring sounds and making music together. From making maracas, tambourines and rainsticks in the music workshop to beatboxing, singing, stomping and even writing rhythms, every activity uses easy to source equipment or no equipment at all. Whether you're a specialist music teacher or a non-specialist looking for inspiration, this book is perfect for anyone looking to put the magic back into music in their Early Years setting. Written by Early Years expert Judith Harries, all ideas include step by step instructions, tips to understand music terminology and suggestions for further development.

Making (Almost) Instant Puppets David Currell, 2024-06-24 This wonderful book is packed with a range of quick, inexpensive ways to make the main types of puppets using objects that are spare, scrap, recycled or easily accessible. With imagination and creative flair, it explains the principles and techniques that can transform a plastic bottle into a hippopotamus hand puppet or a few cardboard rolls into a dancing marionette. Alongside the practical information, it also gives staging advice so that your puppets can perform as living and believable characters. This is truly a book that will bring the magical world of puppet theatre within reach of everyone, whatever their time or resource limits.

Paper Made! Kayte Terry, 2016-03-08 Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly artsy paper, but how to turn stuff around the house: magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps and paper towel tubes into stunning jewelry, gifts, home decor, party favors and much more. Chances are you've seen the author's cutting edge work in the windows of Anthropologie, where she is the chain's merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue, Knitting Kayte Terry takes the most versatile of materials and the most basic of crafts: remember snipping valentines out of construction paper and creating something completely transformative. Identity, Culture, and the Science Performance, Volume 1 Vivian Appler, Meredith Conti, 2022-08-11 Identity Culture and the Science Performance Volume 1 From the Lab to the Streets is the first of two volumes dedicated to the diverse sociocultural work of science oriented performance. A dynamic volume of scholarly essays interviews with scientists and artists and creative entries it examines explicitly public facing science performances that operate within and for specialist and non specialist populations. The book's chapters trace the theatrical and ethical contours of live science events re enact historical stagings of scientific expertise and demonstrate the pedagogical and activist potentials in performing science in community settings. Alongside the scholarly chapters From the Lab to the Streets features creative work by contemporary science integrative artists and interviews with popular science communicators Sahana Srinivasan host of Netflix's Brainchild and Raven Baxter Raven the Science Maven and artists from performance ensembles The Olimpias and Superhero Clubhouse. In exploring the science performance as a vital but flawed method of public engagement it offers a critique of the racist ableist sexist and heteronormative ideologies prevalent across the history of science as well as highlighting science performances that challenge and redress these ideologies. Along with its complementary volume From the Curious to the Quantum this book documents the varied ways in which identity categories and cultural constructs are formed and reformed through science performances.
