New York Magazine ,1988-04-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Made in Mexico Luis I. Reyes,2024-03-26 For more than a century directors from both sides of the border have chosen Mexico as the location to create their cinematic art leaving an indelible imprint on the imaginations of moviegoers and filmmakers worldwide Now for the first time Made in Mexico Hollywood South of the Border presents a comprehensive examination of more than one hundred Hollywood theatrical feature films made in Mexico between 1914 and the present day Lavishly illustrated throughout Made in Mexico examines how Hollywood films depicted Mexico and how Mexico represented itself in relation to the films shot on location It pulls back the curtain on how Hollywood filmmakers influenced Mexican films and Mexican filmmakers influenced Hollywood Listed chronologically and featuring cast credits synopsis and contemporary reviews along with a production history for each entry this book highlights the concept of crossing borders in which artists from both nations collaborated with one another Made in Mexico also provides a brief historical perspective on the aesthetics economics and politics of the film industries in each country giving readers a glimpse of the external forces at play in the production of these films With motion pictures permeating the cultural and historical landscape of both Mexico and the United States this compulsively readable compendium demonstrates the far reaching influences of the featured films on the popular culture of both nations

Neglected Scorsese Phillip Sipiora,Gary D. Rhodes,2025-09-18 This collection examines over a dozen of Martin Scorsese s most overlooked works including the television shows music videos television commercials and feature films that have been largely ignored by film critics and or the moviegoing public From After Hours 1985 and New York Stories 1989 to Il Mio Viaggio 1999 The Age of Innocence 1993 and The Aviator 2004 Neglected Scorsese reclaims the director s less appreciated works

giving them the respect and attention they deserve Scorsese is one of the finest directors in film history Of all New Hollywood directors he remains the most active the most indispensable the most new not only changing with the times but changing the times through the magnitude of his work Without Scorsese's gangster films the global gangster genre would not be the same nor anywhere near as accomplished and without his filmography the entirety of American cinema would be greatly diminished The purpose of this book is not about bringing more attention to Scorsese the director or to his most notable films Rather it argues that Scorsese's lengthy career has produced individual works that have been neglected even while others have been lauded Neglected in this collection is defined as those Scorsese films that were underappreciated by mainstream critics by mainstream audiences by scholars or by any combination of the three Further the book's focus goes beyond feature films as Scorsese has directed shorts music videos television programs and TV commercials There is intrinsic value in these film forms just as there is value in the analysis of those Scorsese directed

The Philosophy of Martin Scorsese Mark T. Conard,2007-05-31 Academy Award winning director Martin Scorsese is one of the most significant American filmmakers in the history of cinema Although best known for his movies about gangsters and violence such as Mean Streets Goodfellas Casino and Taxi Driver Scorsese has addressed a much wider range of themes and topics in the four decades of his career In *The Philosophy of Martin Scorsese* an impressive cast of contributors explores the complex themes and philosophical underpinnings of Martin Scorsese's films The essays concerning Scorsese's films about crime and violence investigate the nature of friendship the ethics of vigilantism and the nature of unhappiness The authors delve deeply into the minds of Scorsese's tortured characters and explore how the men and women he depicts grapple with moral codes and their emotions Several of the essays explore specific themes in individual films The authors describe how Scorsese addresses the nuances of social mores and values in *The Age of Innocence* the nature of temptation and self sacrifice in *The Last Temptation of Christ* and *Bringing Out the Dead* and the complexities of innovation and ambition in *The Aviator* Other chapters in the collection examine larger philosophical questions In a world where everything can be interpreted as meaningful Scorsese at times uses his films to teach audiences about the meaning in life beyond the everyday world depicted in the cinema For example his films touching on religious subjects such as *Kundun* and *The Last Temptation of Christ* allow the director to explore spiritualism and peaceful ways of responding to the chaos in the world Filled with penetrating insights on Scorsese's body of work *The Philosophy of Martin Scorsese* shows the director engaging with many of the most basic questions about our humanity and how we relate to one another in a complex world

New York ,2007 [The Godfather and American Culture](#) Chris Messenger,2012-02-01 Mario Puzo's *The Godfather* is an American pop phenomenon whose driving force is reflected not only in book sales and cable television movie marathons but also in such related works as the hit television series *The Sopranos* In *The Godfather*

and American Culture Chris Messenger offers an important and comprehensive study of this classic work of popular fiction and its hold on the American imagination As Messenger shows the Corleones have indeed become our gang and we see our family business in America reflected in them Examining The Godfather and its many incarnations within a variety of texts and contexts Messenger also addresses Puzo s inconsistent affiliation with his Italian heritage his denial of the multiethnic literary subject and his decades long struggle for respect as a writer in contemporary America The study ultimately offers a way of looking at the much maligned genre of popular or bestselling fiction itself By placing both the novel and films within a number of revealing critical situations Messenger addresses the continuing problem of how we talk about elite and popular fiction in America and what we mean when we take sides [TLA Video & DVD Guide 2004](#) David Bleiler,2003-10-24 This is the absolutely indispensable guide to worthwhile cinema It includes over 10 000 entries on the best of film and video that a real film lover might actually want to see **Filmosophy** Daniel Frampton,2006 Filmosophy is a manifesto for a radically philosophical way of understanding cinema The book coalesces 20th century ideas of film as thought into a practical theory of film thinking arguing that film style conveys poetic ideas through a constant dramatic intent about the characters spaces and events of film **New York Magazine** ,1988-03-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Films of Johnny Depp** William B. Parrill,2017-02-10 Since his rise to fame in the television series 21 Jump Street in 1987 and his subsequent transition to film acting Johnny Depp has received constant criticism for his choice of roles at least until his popular turn in the Pirates of the Caribbean series This book aims to reveal the ways in which Depp s choices of film roles though often considered eccentric allowed him to develop into the representative film actor of his time It organizes all of Depp s films chronologically narrating in the process his transition from underestimated teenage pretty boy to bona fide Hollywood hotshot Along the way the book addresses Depp s relationship to earlier film actors especially to Marlon Brando and the silent comics the influence of Depp s androgynous sexuality on both his choice of roles and his acting and his relationships with directors Terry Gilliam and Tim Burton **Experimental Film and Photochemical Practices** Kim Knowles,2020-09-29 This book assesses the contemporary status of photochemical film practice against a backdrop of technological transition and obsolescence It argues for the continued relevance of material engagement for opening up alternative ways of seeing and sensing the world Questioning narratives of replacement and notions of fetishism and nostalgia the book sketches out the contours of a photochemical renaissance driven by collective passion creative resistance and artistic reinvention Celluloid processes continue to play a key role in the evolution of experimental film aesthetics and this book takes a personal journey into the work of several key

contemporary film artists It provides fresh insight into the communities and infrastructures that sustain this vibrant field and mobilises a wide range of theoretical perspectives drawn from media archaeology new materialism ecocriticism and social ecology

Scorsese and Religion Christopher B. Barnett,Clark J. Elliston,2019-09-16 Scorsese and Religion concerns the religious vision of the great American filmmaker Martin Scorsese Not only will this volume explore the foundation of Scorsese s interest in religion namely his relation to the Catholic Church but it will also highlight the religious breadth of Scorsese s corpus Ultimately this book demonstrates that Scorsese s cinematic re presentation of reality brings together various religious influences Catholicism existentialism Buddhism etc and topics such as violence morality nihilism and so on The overarching claim is that Scorsese who indeed once claimed that his whole life had been movies and religion cannot be properly understood without reflecting on the ways in which his religious interests

are expressed in and through his art **New York Magazine** ,1988-05-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Environmental Humanities** Robert S. Emmett,David E. Nye,2017-10-06 A concise overview of this multidisciplinary field presenting key concepts central issues and current research along with concrete examples and case studies The emergence of the environmental humanities as an academic discipline early in the twenty first century reflects the growing conviction that environmental problems cannot be solved by science and technology alone This book offers a concise overview of this new multidisciplinary field presenting concepts issues current research concrete examples and case studies Robert Emmett and David Nye show how humanists by offering constructive knowledge as well as negative critique can improve our understanding of such environmental problems as global warming species extinction and over consumption of the earth s resources They trace the genealogy of environmental humanities from European Australian and American initiatives also showing its cross pollination by postcolonial and feminist theories Emmett and Nye consider a concept of place not synonymous with localism the risks of ecotourism and the cultivation of wild areas They discuss the decoupling of energy use and progress and point to OECD countries for examples of sustainable development They explain the potential for science to do both good and harm examine dark visions of planetary collapse and describe more positive possibilities alternative practices including localization and degrowth Finally they examine the theoretical impact of new materialism feminism postcolonial criticism animal studies and queer ecology on the environmental humanities
