THE GAME OF BLACKJACK

Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino, but all versions of the game are based on the same principles. The goal is to get a 21 or closer to that value than the dealer.

Each player has two cards. If the player totals the dealer's hand, they win. If the dealer's hand is higher, the player loses. The total amount that they bet is returned to them. The dealer's hand is dealt first, and all players follow. The players' cards are dealt face up while the dealer's cards are dealt face down. Once all of the players have completed their turn, the dealer's hand is dealt.

Each turn and results have an additional card. All the cards are allocated according to the players and dealer's results. The game is known for its complex strategy, but players will discover the fun of the game as well as help new players understand the strategy.
