*Allied Encounters* Marisa Escolar,2019-07-02 Honorable Mention for the 2019 American Association for Italian American Book Prize 20 21st Centuries Allied Encounters uniquely explores Anglo American and Italian literary cinematic and military representations of World War II Italy in order to trace critique and move beyond the gendered paradigm of redemption that has conditioned understandings of the Allied Italian encounter The arrival of the Allies global forces in an Italy torn by civil war brought together populations that had long mythologized one another yet liberation did not prove to be the happy ending touted by official rhetoric Instead of a honeymoon the Allied Italian encounter

in cities such as Naples and Rome appeared to be a lurid affair where the black market reigned supreme and prostitution was the norm Informed by the historical context as well as by their respective traditions these texts become more than mirrors of the encounter or generic allegories Instead they are sites in which to explore repressed traumas that inform how the occupation unfolded and is remembered including the Holocaust the American Civil War and European colonialism as well as individual traumatic events like the massacre of the Fosse Ardeatine and the mass civilian rape near Rome by colonial soldiers

*Exploding Aesthetics* , 2021-11-08 Today many visual artists are giving the cold shoulder to the static isolated concept of visual art and searching instead for novel dynamic connections to different image strategies Because of that visual art and aesthetics are both forced to reconsider their current positions and their traditional apparatus of concepts In that process many questions surface To mention a few Could the characteristics of an artistic image and its specific manner of signification be determined in a world which is entirely aesthetized What would be the consequences of a variety of image strategies for aesthetic experience Would it be possible to develop a form of cultural criticism by means of artistic activities in a culture awash in images In order to answer such questions aesthetics as a philosophy of art needs to transform its field

into a critical philosophy of topical visual culture As an impetus to such a reinterpretation of the visual working area the L B Series organized three symposia evenings under the title Exploding Aesthetics in cooperation with De Appel Center for Contemporary Art Amsterdam Besides the presentations and discussions from these symposia this volume includes various arguments positions and statements in both articles and interviews by a variety of visual artists designers advertising professionals theorists and curators The participants are Mieke Bal Annette W Balkema Peg Brand Experimental Jetset Liam Gillick Jeanne van Heeswijk Martin Jay KesselsKramer Friedrich Kittler Maria Lind Wim Michels Nicholas Mirzoeff Planet Art Joke Robaard Annemieke Roobeek Remko Scha Rob Schr der Henk Slager Richard Shusterman Pauline Terreehorst Wolfgang Welsch and Marie Lou Witmer
