volume rassemble les discours et allocutions prononcés par le Président Gnassingbe Eyadema de mars 1975 à février 1981. Ces textes traduisent une présence de plus en plus affirmée du Togo sur la scène internationale notamment au sein des instances de décision ou de débat dans lesquelles se projette l'avenir de l'Afrique ou du monde. Un accent particulier est mis sur l'intégration sous régionale, un des thèmes majeurs des années soixante-dix et de la politique togolaise. **Religiosity on**

University Campuses in Africa Abdoulaye Sounaye,Frédéric Madore,2023 This volume examines religiosity on university campuses in Sub Saharan Africa. Focusing on both individuals and organized groups, the contributions open a window onto how religion becomes a factor, affects social interactions, is experienced and mobilized by various actors. It brings together case studies from various disciplinary backgrounds: anthropology, sociology, history, religious studies, literature, and theoretical orientations, to illustrate the significance of religiosity in recent developments on university campuses. It pays particular attention to religion-informed activism and contributes a fresh analysis of processes that are shaping both the experience of being student and the university campus as a moral space. Last but not least, it sheds light onto the ways in which the campus becomes a site of a reformulation of both religiosity and sociality. **Discours et allocutions: 1976-1981** Gnassingbé Eyadéma,2009

C'est la sortie difficile de la crise togolaise vers un état d'apaisement. Le Togo a fort heureusement chappé de peu la guerre civile. Les convulsions dramatiques de cette époque ont conduit la suspension de sa coopération avec l'Union Européenne et ses principaux bailleurs de fonds internationaux.
