Thomas J. Sanders

God Of Fire:

God's Fire Starters Donald A. Broadwater, 2008-10 When it comes to having a desire to see things change it is obvious that most Christians are ready for it The problem is that churches have tried every program available and yet they still feel that there is something missing from their ministry This book takes a fresh look at ministry and challenges us to consider that we may have actually left God out of the ministry equation by not realizing how desperately we need for God's Spirit to set us on fire Take a journey through the Bible and discover for yourself how God's fire is present when God is on the move

Discover how God's fire reveals his character as well as our calling to be transformed into the image of Christ You will also discover how being one of God's Fire Starters can be one of the most exciting adventures of anyone's life Donald A Broadwater was born in Roanoke Virginia and spent most of his early life growing up around the Blue Ridge Mountains He graduated from Covenant College and Westminster Theological Seminary and for the past three decades Don and his family have been on an adventure that has taken them from America to Australia He is married to Gloria and has two grown children from their 37 year marriage God has unfolded a unique ministry of discipleship that has sought to encourage people to take their next step on a Journey in Jesus This ministry is needed because our journeys are as unique as God who is fashioning them for us He has also spoken for church camps and seminars which have included the international conference Fire on the Mountain on Mt Tambourine in Queensland Australia Contact him at www.journeyinjesus.com for additional information or for scheduling seminars for your ministry

God's Fire on Ice Kayy Gordon, 2017-11-25 At the age of twenty two Kayy Gordon headed for the Arctic Circle to be a missionary among the Inuit There she adapted to the land of the midnight sun sharing with the Inuit their camp life and winter storms traveling with the reindeer herders learning to enjoy whale meat and frozen fish But most of all she shared with them the story of Jesus She prayed with them cried with them and ministered wherever she could Fifty years later Kayy still travels in the North And with her the power of the Holy Spirit has taken the ice and set it on fire

Sanders, 2000 Chester the complete human environment simulation for tactical emergency response is the most ambitious project in the history of computer science Scientists throughout the solar system labor to insure that he is programmed with all relevant information Is it possible that the super computer could learn something from a lowly love doll And even if he does learn the ultimate secret of humanity is it too late to stop the destructive forces of God's Fire And what will be the consequences when two computer geniuses fall in love and take the next step in human evolution
