What does a science teacher need to conduct a leaf safari for students Where can children safely enjoy hands on experience  
with life in an estuary Selecting resources to teach elementary school science can be confusing and difficult but few decisions  
have greater impact on the effectiveness of science teaching Educators will find a wealth of information and expert guidance  
to meet this need in Resources for Teaching Elementary School Science A completely revised edition of the best selling  
resource guide Science for Children Resources for Teachers this new book is an annotated guide to hands on inquiry  
centered curriculum materials and sources of help in teaching science from kindergarten through sixth grade Companion  
volumes for middle and high school are planned The guide annotates about 350 curriculum packages describing the activities  
involved and what students learn Each annotation lists recommended grade levels accompanying materials and kits or  
suggested equipment and ordering information These 400 entries were reviewed by both educators and scientists to ensure  
that they are accurate and current and offer students the opportunity to Ask questions and find their own answers  
Experiment productively Develop patience persistence and confidence in their own ability to solve real problems The entries  
in the curriculum section are grouped by scientific area Life Science Earth Science Physical Science and Multidisciplinary  
and Applied Science and by type core materials supplementary materials and science activity books Additionally a section of  
references for teachers provides annotated listings of books about science and teaching directories and guides to science  
trade books and magazines that will help teachers enhance their students science education Resources for Teaching  
Elementary School Science also lists by region and state about 600 science centers museums and zoos where teachers can  
take students for interactive science experiences Annotations highlight almost 300 facilities that make significant efforts to  
help teachers Another section describes more than 100 organizations from which teachers can obtain more resources And a  
section on publishers and suppliers give names and addresses of sources for materials The guide will be invaluable to  
teachers principals administrators teacher trainers science curriculum specialists and advocates of hands on science  
teaching and it will be of interest to parent teacher organizations and parents      *Publishers' circular and booksellers' record*
