Quatro, 2005 The contributors here seek to define exactly what leadership is or should be and how to effectively develop it Guided by an unusual framework that looks at leadership across different sectors and functions they examine what they view as the major leadership challenges throughout the world **The Haves and Have-Nots** John F. Green, 2017-04-26 The significance of Dr John Green's book entitled The Haves and The Have nots Guidelines for Leading Congregational Change and Economically Empowering Poor Communities rests in his concern about the economically poor communities in which black churches find themselves and thus carry out their ministries It is an intriguing practical and

theological exploration with the major goal of the narrative to present models of ministry grounded in sound biblical theology and supported by theologians and practitioners familiar with local church outreach strategies and who have chronicled their experiences about churches doing ministry among the economically disadvantaged. The importance of Dr. Green's book rests in the question of whether or not African American churches will be able to rise above their middle class status in order to reach out to the poorer communities surrounding their churches. The book presents leadership strategies that will enable pastors as well as the leadership in local churches to begin to engage in congregational change. Presenting leadership strategies for overcoming the status anxiety that hinders outreach of local black churches to the community is the goal of this well-written book.

**Becoming a Contagious Church** Mark Mittelberg, 2010-12-21. Discover a Proven Approach to Raising Your Church's Evangelistic Temperature. Evangelism is one of the highest values in the church. So why do so few churches put real effort into it? Maybe it's because we don't understand the evangelistic potential of the church well enough to get excited about it. *Becoming a Contagious Church* will change that. Revised and updated, this streamlined edition dispels outdated preconceptions and reveals evangelism as it really can be. What's more, it walks you through a 6-Stage Process and includes a brand new 6-Stage Process assessment tool for taking your church beyond mere talk to infectious energy, action, and lasting commitment. This book is not optional. It's required reading for all who are serious about reaching their communities for Christ. Ignoring this book would be pastoral malpractice.

**Lee Strobel**, author of *The Case for the Real Jesus*. You can't read this book without having your heart stirred to share the gospel. It's contagious.

**Rick Warren**, author of *The Purpose Driven Church* and *The Purpose Driven Life*. Entire leadership teams and outreach committees should read and discuss this powerful book and then put its principles into action.

**John Maxwell**, author of *Developing Leaders Around You*. I can't emphasize how important books like this one are for the future of the church. It demythologizes the fear and awkwardness of evangelism into something biblical, tangible, and practical for every person.

**Dan Kimball**, author of *They Like Jesus but Not the Church*. *Becoming a Contagious Church* is hands down the most comprehensive work on church evangelism I've ever read. Its principles can turn inward-looking church attenders into outward-looking church evangelists.

[Simple Discipleship](#) Dana Allin, 2019-01-08. A Clear and Personalized Path for Discipleship. Discipleship can feel like a meandering journey we don't know what we want, and none of the programs offered seem to get us anywhere. We need something to orient ourselves and something to direct our steps toward a clear destination. *Simple Discipleship*, with its companion assessment tool, offers a plan for discipleship that is tailored to your real life and your personality and clearly pointed in the way of Jesus. Most discipleship resources are designed as mass productions, efficient for touching many but often failing to see individuals grow in Christ. This is the best of both worlds: an assessment tool for your entire church combined with an achievable, personalized discipling strategy.

M. Check DMin,2025-07-14 We all make mistakes and most of us make the same mistake several times Learning from our mistakes is a lifelong process Growing is often painful but growing and learning are positive benefits of failure We often learn very little from our successes Instead we learn what will work by trial and error Great leaders learn what works by trying and failing We should embrace failures and ask ourselves difficult questions rather than running away The first and most important question is where did the idea originate Was this a good idea If so why did it fail What was my role in the failure and what could I have done better How did I respond to the failure and what will I do differently next time We must be courageous enough to ask these and other probing questions in the church community or whatever group setting is relevant to the circumstances Finally we must never allow ourselves to be defined by failure recognizing that the ultimate failure is not trying

*Building a Contagious Church* Mark Mittelberg,Bill Hybels,2000 Mittelberg presents a proven process for raising the value of evangelism in your heart and in your church He spells out strategies for training all of a church's members to naturally communicate their faith and offers ideas for initiating outreach ministries and events Includes inspiring stories of lives and churches that have been changed as a result of these practical biblical approaches

and large make his counsel relatable to every pastor He writes as a pastor friend writing to a pastor friend Church Come Forth is a must read for every leader of a plateaued or declining church      *Discipleship in Education* Joseph Allotta, 2018-02-08 Students are often tested to evaluate their academic knowledge but few Christian schools use objective measures to determine if a student has become a true disciple of Christ Unfortunately there are few organizations that provide metrics for measuring biblical knowledge let alone any sort of comparative evaluation of students engaging in the Christian disciplines forming a biblical worldview or actually being impacted spiritually by the programs of the school No matter whose statistics one chooses to believe the inescapable truth is that the church is losing its young men and women at an alarming rate once they graduate from high school The solution to this problem is simple but increasingly difficult to solve with each passing year Discipleship is what is needed for young people to truly identify who they are in Christ so that they can begin to develop godly habits and ultimately grow in their knowledge faith and desire to serve the Lord and his Kingdom Christian schools have some particular advantages in the area of discipleship however their full potential is at the moment untapped Discipleship in Education is about preparing everyone from administrators teachers pastors and parents to be ready to unleash that potential      **Healthy Leadership for Thriving Organizations** Justin A. Irving, 2023-12-19 Outreach 2025 Resource of the Year Leadership The devastating effects of toxic work environments are top news Everyone seems to understand that healthy organizations nurture flourishing individuals and societies flourishing that Jesus desires for all of us How can Christian business and ministry leaders create a positive organizational culture and identity Justin Irving has spent twenty years studying teaching and reflecting on organizational leadership Drawing wisdom from the Bible contemporary leadership theory and the insights of over two hundred executive leaders Irving provides a theological framework that makes human flourishing the driving motivation for leading organizations well He helps readers invest in their own growth to become leaders who motivate inspire and nurture But he broadens the view to help readers see how different levels of leadership the dynamics and interdependence of teams and of the whole organization work together He then offers practical insights on building teams culture and effective communication and on navigating the storms of crisis and change

**Evangelism Where You Live** Gene Wilkes, Stephen Pate, 2013-05-09      *Building a Church of Small Groups* Bill Donahue, Russ Robinson, 2005-09-29 This book provides pastors and church leaders with the vision values and initial steps necessary to begin building a church where small groups are integrated throughout the entire ministry      **1 + 1 = 1** Derek Chinn, 2012-11-12 The population of the United States is changing By 2042 U S census gures indicate that the majority racial population will no longer be white In addition churches are dying as congregants age and fail to add younger members to sustain their ministry These shifting demographics represent a signi cant challenge and opportunity for the church Derek Chinn proposes an overlooked solution join congregations together to create a multiracial church For this unique concept Chinn offers a biblically grounded and practical perspective on what it takes to make this ministry approach viable The heart

of this ministry approach is redemption of tired or shrinking ministries of assets that God has given His people to advance the local church and of brokenness due to racial and ethnic differences This book is for church leaders church planters cross cultural ministry leaders and those involved with urban missions     **Bringing Heaven to Earth** Josh Ross,Jonathan Storment,2015-05-05 You Can Help Bring Heaven to Earth God so loved the world and he still does He values his creation too much to destroy it If you know where to look you can see that the coming of a new heaven and a new earth already has begun Life on earth is renewed every time you live out Jesus s prayer that God s ways will be followed on earth The work of God s Kingdom involves restoring what has been broken This includes people unjust systems relationships anything that has been separated from God and needs to be healed reconciled and set right This is how heaven collides with earth not following fiery destruction but in the power of restoring to life everything that God created What you believe about God s plan for humanity and for his creation determines how you will invest your life God calls all of us to this renewing work You can help bring heaven to earth starting today     Enduring Church Growth Philip Huan,2011     **Spiritual Intelligence** Alan E.
