Read these instructions carefully.

What you will need for this procedure

- Some of the printer components are bulky; you will need up to four people to lift them. Unless this is necessary, the symbol shown at the bottom is shown.
- To assemble the printer you will need at least 2 x 5-in (51 x 127) of empty floor space, and about four hours.

Printer working area

Before you start unpacking, consider where you are going to put the assembled printer. You should allow some clear space on all sides of the printer box. The recommended clearances are shown in the illustration above.

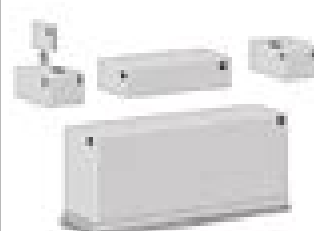

Remove the two side flaps.

2

Cut the strips around the boxes carefully, as the boxes may fall or crack as the strips are cut.

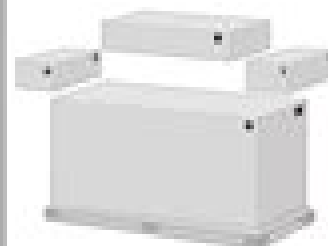

3

The shapes on the boxes identify the contents.

Shape	Contents
	Printer body
	Stand and bin assembly
	Consumables box, including maintenance kit (seal unit)
	Spare box (used later)
