HP Designjet 90 Printer series

Focus on your creativity with this professional, A2+/C+-size photo printer: the HP Designjet 90. HP Professional Color Technologies deliver consistent color output while HP Vivera Inks and select HP papers provide exceptional fade resistance.¹

Experience professional color

- **Rich color depth and minimal dot visibility.** Proprietary dye-based HP Vivera Inks in HP six-ink color printing work to deliver a wide range of colors, deeper blacks, continuous tones, and gloss uniformity. A four-picoliter ink-drop size maintains fine detail reproduction, especially in dark areas, and smooth tonal transitions.
- **Maximum color consistency.** See reliable, consistent color from print to print. HP invests in HP Professional Color Technologies making your color experience simple and straightforward. Plus, enjoy more robust color and job management capabilities.
- **Revolutionary HP Vivera inks.** HP Vivera inks are carefully engineered to work flawlessly with all parts of the printing system so you achieve rich, vibrant colors and extraordinary photo image quality, time after time. Graphic designers and professional photographers can rest assured that the images they create will maintain their impact.

Live out your creativity

- **Optional EFI software RIP.** Add the optional EFI software RIP to expand your printing options and enhance color accuracy. The EFI software RIP provides Adobe® PostScript® 3™ support and optional Automatic PANTONE® calibration. Added to that, you get enhanced job management capabilities for greater control. Spend just a little more to get a lot more from this professional, versatile printer.²

- **Print high-quality images quickly.** Print high-quality images on A3+/B+ -size media at four minutes per page in Normal print mode. Use Draft mode for proof printing to deliver A3+/B+ -size prints quickly. No matter which mode you choose, you'll appreciate the quality that comes from HP technology.
- **Experience full color workflow support.** Your design software choices expand when you use the HP Designjet 90 Printer series, which enables color solutions for every color workflow. The print preview ensures correct layout and you can add optional EFI software if you need color management in a CMYK workflow.

Valuable time and cost savings

- **Save time and increase productivity.** Cost-effective, individually replaceable HP ink cartridges and printheads maximize efficiency and provide reliable operation that minimizes user intervention and improves productivity. 3-ink multipacks provide additional savings and convenience for high-volume printing.
- **Wide range of media weights and types.** Choose the media type that best conveys your concepts with durable HP media. The HP Designjet 90 Printer series can handle stock in weights up to 300 g/m² (80 lb.), as well as thick or rigid media (up to 1.5 mil). Choose from a variety of HP media finishes. Furthermore, you also benefit from the added convenience of four different HP 457 mm (18 in) media rolls.³
