The Portuguese Subjunctive Luís Gomes, Maria Madalena Gonçalves, 2021-10-07 The Portuguese Subjunctive A Grammar Workbook is the first book devoted exclusively to understanding and mastering this challenging area of Portuguese grammar. The clear structure guides students through the six subjunctive tenses providing them with concise and accurate explanations accompanied by a range of exercises to test and consolidate learning. Each chapter is designed to help students progress from simple to more complex use of the language with instructions initially set in English before moving to Portuguese and exercises progressing from simple application to more advanced translation and compare and contrast tasks. This grammar workbook is ideal for intermediate to advanced learners of European or Brazilian Portuguese who wish to master the use of the subjunctive. It can be used as a supplementary in class text as well as a resource for independent study.

Modern Brazilian Portuguese Grammar Workbook John Whitlam, 2017-03-16 The second edition of Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections. Part A provides exercises based on essential grammatical structures. Part B practises everyday functions e.g. making social contact, asking questions and expressing needs. A comprehensive answer key at the back of the book enables you to check on your progress. The Modern Brazilian Portuguese Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese including undergraduates taking Brazilian Portuguese as a major or minor part of their studies as well as intermediate and advanced school, adult education and self study students. While primarily intended for use in conjunction with Modern Brazilian Portuguese Grammar A Practical Guide it can also serve as an independent resource. Panorama 2/e Workbook/Video Manual José A.
