Our Great Purpose Ryan Hanley,2021-06-15 Invaluable wisdom on living a good life from the founder of modern economics

In Search of Paradise Li Zhang,2012-09-15 A new revolution in homeownership and living has been sweeping the booming cities of China This time the main actors on the social stage are not peasants migrants or working class proletariats but middle class professionals and entrepreneurs in search of a private paradise in a society now dominated by consumerism No longer seeking happiness and fulfillment through collective sacrifice and socialist ideals they hope to find material comfort and social distinction in newly constructed gated communities This quest for the good life is profoundly transforming the physical and social landscapes of urban China Li Zhang who is from Kunming the capital of Yunnan province turns a keen ethnographic eye on her hometown She combines her analysis of larger political and social issues with fine grained details about the profound spatial cultural and political effects of the shift in the way Chinese urban residents live their lives and think about themselves In Search of Paradise is a deeply informed account of how the rise of private homeownership is reconfiguring urban space class subjects gender selfhood and ways of life in the reform era New seemingly individualistic lifestyles mark a dramatic move away from yearning for a social utopia under Maoist socialism Yet the privatization of property and urban living have engendered a

simultaneous movement of public engagement among homeowners as they confront the encroaching power of the developers This double movement of privatized living and public sphere activism Zhang finds is a distinctive feature of the cultural politics of the middle classes in contemporary China Theoretically sophisticated and highly accessible Zhang's account will appeal not only to those interested in China but also to anyone interested in spatial politics middle class culture and postsocialist governing in a globalizing world *Tranquility Through Movement* Sang H. Kim, 2020-05-19 In tranquility the body and mind are quiet and settled Positive feelings prevail over negative feelings and a sense of connection with the deeper self and the force of nature rises In *Tranquility Through Movement* Sang H Kim presents a sequence of 12 mindful movements to promote and sustain a tranquil inner state in the face of stress and uncertainty The goal of each movement is to deliberately collect unhealthy tension that is held in the body and disperse it to help your body become tension neutral These gentle movements can be modified for beginners or done as recommended for a more advanced challenge to balance and coordination An excellent daily home practice routine that can be done anywhere you can stand and stretch your arms
