### Live Long and Prosper World Bank, 2015-12-10

Aging is a challenge which countries in East Asia and Pacific EAP regions are grappling with or will soon confront It raises many questions for policymakers ranging from potential macroeconomic impacts to fiscal challenges of supporting pension health and long term care systems and labor market implications as countries seek to promote productive aging The urgency of the aging challenge varies across the region but it will confront all EAP countries in time and early preparation is essential to avoid the missteps of other regions Live Long and Prosper discusses the societal and public policy challenges and reform options for EAP countries as they address aging It aims to strike a balance between aging optimists and pessimists On the one hand the impacts of aging on growth labor markets and public spending are not the unavoidable catastrophe often feared However minimizing the downside risks of aging and ensuring healthy and productive aging will require proactive public policy political leadership and new mindsets across society The report reviews the evidence on demographic transition in EAP and its potential macroeconomic impact It addresses the current policy environment including pensions and social security health and long term care and labor markets to assess the risks of business as usual It also suggests policy directions to promote healthy and productive aging in EAP and emphasizes that aging is not just about older people but requires policy and behavioral change across the life cycle

### *The Memory Illusion* Dr Julia Shaw, 2016-06-16

THE INTERNATIONAL BESTSELLER Truly fascinating Steve Wright BBC Radio 2 Have you ever forgotten the name of someone you've met dozens of times Or discovered that your memory of an important event was completely different from everyone

else s Or vividly recalled being in a particular place at a particular time only to discover later that you couldn't possibly have been We rely on our memories every day of our lives They make us who we are And yet the truth is they are far from being the accurate record of the past we like to think they are In *The Memory Illusion* forensic psychologist and memory expert Dr Julia Shaw draws on the latest research to show why our memories so often play tricks on us and how if we understand their fallibility we can actually improve their accuracy The result is an exploration of our minds that both fascinating and unnerving and that will make you question how much you can ever truly know about yourself Think you have a good memory Think again A spryly paced fun sometimes frightening exploration of how we remember and why everyone remembers things that never truly happened Pacific Standard
