Mastering The Law Of Attraction:

Mastering the Law of Attraction J.D. Rockefeller, 2016-06-28 You get what you think Like attracts like You attract what you focus on You have probably been hearing these statements again and again in the last two decades Is it true Although it sounds interesting some skeptics believe that the law of attraction really works Why shouldn't it We always tend to get what we focus on When we focus on the fact that a job interview is going to be a disaster it usually does turn into one When we think about how we are going to panic when we enter the examination hall the likelihood is that that's exactly what's going to happen These are experiences that many of us have gone through As usual most of us find it easier to remember the negative events and not the positive events If we focus on something negative and it happens then we can surely focus on something positive and it will happen too This is the general premise of the law of attraction Made popular by the book *The Secret* and the movie by the same name the law of attraction is quite simple It just says that like attracts like So if you focus on bad things you will attract disaster If you focus on good things you will attract happiness But this is easier said than done It seems to sound easy but many people find it difficult when they try to follow this principle They want something they focus on the lack of it and that's what they get lack of it This is where most people tend to go wrong The law of attraction is about focusing on abundance and not on lack So if you focus on the fact that you already have what you desire you will get it But if you focus on the fact that you don't have something and would like to have it you never get it In that case how can you use the law of attraction to manifest your desires and your dreams into reality Many people have been successful in manifesting their desire for money a soul mate a house a great career and so on and so forth You can too Just read this guide that aims to help you understand how you can manifest your desires into reality and where you may go wrong [Mastering the Law of Attraction for Money](#) Layla Moon ,2023-07-08 Create Financial Security and Achieve Everything You've Ever Wanted To Have you ever struggled to pay your bills Find that no matter how hard you work to sort your finances out you can't seem to make any progress Working on projects that just feel too overwhelming to complete and succeed in Have you ever wanted to turn your dreams and plans into a reality If you've said yes to any of these things or ever really wanted to take control of your life THEN THIS POWERFUL GUIDE IS FOR YOU Mastering The Law of Attraction for Money 17 Secret Manifestation Techniques to Quickly Attract Wealth Success and Abundance is a book that does exactly what it says on the cover Within the following chapters we'll explore everything you need to know to attract wealth and financial abundance into your life and guide you into the mindset that allows you to succeed in whatever you put your mind to All using the universal powers and effects of the Law of Attraction And while you've probably heard all kinds of things about the Law of Attraction and what it is this guide is taking you on a different approach This guide will SHOW YOU HOW TO ACTUALLY IMPLEMENT the strategies With this powerful guide to manifest the life you want to live you will Learn the fundamental aspects of the Law of Attraction Redefine your mindset into one that serves you Discover 17 POWERFUL techniques that allow you to tap into the universal
